I live in one of the senior housing units owned by MSP Real Estate. I have lived here for going on 8 years. Everything has been taken away because of covid. We used to get parties, windows cleaned along with the screens every year, served lunch, which we paid for, in the pub. Now it is a chore to get anything done to the building. We were promised new carpet 2nd, 3rd, and 4th floors among other things. Paint is peeling on the outside of the building, there is stones missing in the front and back of the building, etc. I think they should take care of the buildings they already own and not ask for more funds to build more buildings.

Thank you,
