To all who ensure
that our drinking
water in Madison is
kept safe for us
to drink everyday.

I would like to say
thank you from the
bottom of my heart.

Subject: Thanks for your help on Lovell Lane!

Jerry, I wanted to let you know how much Metro appreciates your help in getting buses through on Lovell Lane while the construction project is occurring. Our Operations Supervisor, R. J. Callaway, informed me of your efforts to keep the buses running on their regular routes. On behalf of all of Metro—especially the customers who rely on the buses—thank you!
