RE: Concrete Sawing Bid
Contract #6294

Dear Ms. Stanley,

We are writing to inform you that Bachmann Construction Co., Inc. will not be able to honor the unit price quotations from our bid submitted on December 26, 2008 for contract #6294. We believed that the scope of work of this contract included saw cutting of concrete walks, and removal of concrete associated only with the saw cut itself, and no additional removal.

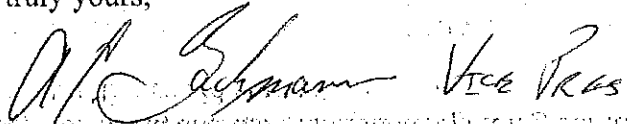

We were under the assumption that concrete sidewalk removal, and replacement of sections of sidewalk would be included under a separate contract. Our interpretation of the scope of work, and the description regarding bid item #90001, we believe to be consistent with our bid amount.

If the intent is to use sophisticated saw cutting equipment, and make taper cuts, our quotation will not cover that intended scope of work, and we would decline to execute a construction contract if one is offered.

On the basis of our misguided interpretation of the intended scope of work, we are respectfully requesting that The City of Madison find our quotation to be non-responsive and allow us to withdraw our bid.

If you should have any questions please don't hesitate to call.

Very truly yours,

Al Bachmann
Bachmann Construction Company, Inc.
