Subject: Petition for Common Council Agenda 9-2-08

Good Morning, Mary Beth:

Per the request of a group of neighbors of the Door Creek Park, would you please place this item on the Petitions and Communications portion of the next Common Council agenda?

"Request for Common Council referral of the topic of Door Creek Park ski trail construction and placement to the Board of Parks Commission Agenda, September 10, 2008, for further discussion."

Would you please let me know that this is acceptable and properly requested? The neighbors are concerned that they avail themselves of every possible avenue to share their message with all governmental bodies.

Thanks! Call me at the number below if you have any corrections or questions!
