

I am in full support of the Red Rooster being licensed. The incident that has brought a complaint was unique and not a reflection of the owner, staff and clientele at the Red Rooster. This is a friendly gathering place that hosts music for diverse ages and interests. It has a "Cheers" like atmosphere. As a single woman, I have always felt safe. Everyone is friendly and the ambience is great. Tim is an excellent owner/operator - one of the best I have ever seen. He is caring for his customers and staff. I am in FULL support of licensing. I have spent many wonderful hours at this establishment!

Thank you for your consideration, Nancy Miller
