Hi,

I am writing in support of a 4-way stop at the intersection of North Baldwin and Mifflin streets. I have two small children and cross Baldwin here daily. As others have noted, this is a difficult and dangerous intersection for cyclists and pedestrians, many of whom are small children. Speeding traffic on North Baldwin makes this situation even worse. A stop sign is a simple and cost-effective solution that the city can implement now to greatly improve safety for everyone along the bike boulevard. A stop sign will also improve safety on North Baldwin by making it more difficult for cars to speed.

Thanks for your consideration.

Andrew Leaf
