Dear, Transit and parking Commission,
My name is Indya Greer, I go to Lafollette high school, I'm 15 years old, and I live in the Owl Creek area on Great Gray. and I think the bus shouldn't have that big gap of time when the bus isn't running, and it should run longer. It has been times that I had no way home, I was stuck at the east transfer point and was waiting hours outside until my mom got off of work to come get me, I had to spend money for a cab because I missed the bus and the next bus didn't come until 4. It has been many times I needed a ride or was stuck some where and couldn't get home because the bus wouldn't come. We really need this bus to run longer.

Dear TPC

I am a 15 year old girl at La Follette High school.

My brother takes the bus to work Monday-Friday.

He gets done with work at 7:00pm, and every day ~~my~~ my Mom has to drive everyday to pick him up. We ~~is~~ can't pick him up everyday, because he works on the other side of town. We need to extend the time for the busses in my neighborhood.

Sincerely
Maisy

Dear TPC.

My name is Christian Kurzon
I was part of this Commission
for some time known, and I
was wondering if you would provide
buses more often during early
June. The reason why I ask ~~it~~
this is because exams will be
coming up, and some kids might
have extra work to be done or
even finish test that were hard.
I ask ~~it~~ this of you cause
after exams kids have to wait an
hour or two until teachers can
start proctering again. So I
thought with all that time kids
should have some type of faster
transportation to go home and eat
something, and have time to come
back to school to finish their
exams.

Dear TPCM,

The bus has been helpful but it would be more helpful if it ran longer. I'm in PEOPLE Program and I stay for hours after school and I have to build my schedule around the times the bus comes. And I really don't think it's convenient that we have a bus but I can't really go anywhere because I wouldn't be able to get home.

Sincerely,

Sandra Noriega

Dear Transit and Parking Commission,

My name is Teeanna Brisco and I am a high school senior at La Follette High School and live in the Madison area near McFarland. It's important to me that my neighborhood has more actively running buses for many reasons. A lot of kids in the neighborhood including myself have a hard time being active in school due to the fact that transportation is limited. I also know that my mom and other parents worry about their kids having to wait in the dark while waiting for such a long time because the times that they come is so spread out.

Another factor is that some students feel they can't get jobs in the city because they won't have a bus home. Overall, I think there are many problems that can come from not having consistent buses running in my neighborhood.

Thank you,

Teeanna Brisco

Dear Transit and parking
commission, my name is Jais Fields
Im in 12th grade and i go to Lafollette
High school. The reason I am writing
this letter is because The buses that
run in our creek should run later
than 6pm because I work and when i
would get off I would not have
a ride home. If this bus thing works
out im be real happy.

Dear members of the TBC,
I am a student in the McFarland area, and I think that there are some things that can be fixed with the 31 bus situation.

- The bus doesn't run all day. For example it runs about 6 hours a day in the day, making it hard to get to where I need to go. As a 16-year old, I don't have my own car so I rely on my mom, friends, and the bus. I would like the hours to be ~~extended~~ later and throughout the day. One time during exams ~~scribble~~ I had to stay after school for a little bit. The problem was that I had to wait for my mom to come pick me up from work (which she couldn't because it's not permitted) and take me home.

- stay later for basketball practice.
- jobs
- exam day then stay after school

Dear members of the ~~parent~~ ^{IPC} DBC,

I want to stay longer for practice and am committed to my sport but my parents are busy with my little sister and work can't pick me up. so a later bus would help me out a lot. also on exam days we get out early but sometime I don't finish and can't stay later and we get out on that big gap in the afternoon so we need later buses for more than one reason. like if we want to go home from the meeting there

Age-15 → there no meeting.

I think that the bus only running until 6 is a real inconvenience. When I stay for PEOPLE Program the bus comes just before 6 and that is when I get out so it makes it difficult to get my hours done. Also even just for recreational reasons. When I go to the mall at around 4 o'clock it takes about an hour to get there because I have to go to the transfer point and take another bus and then I have to be to the transfer point by 6 so really I'm just taking the bus for 2 hours and I don't even get to go to the mall. I hope that the bus times get later because it would help a lot.

Thank you,
Diamond Washington
