Jim

Please notify ALRC that I have no objection to the application for a change of premises submitted by Horseshoe Tavern.

The application was reviewed, discussed and approved by Lake Edge Neighborhood Association.

I think that a street-side deck on Cottage Grove Rd. as proposed in the application would have a beneficial effect on the street which currently has very limited pedestrian use and substantial traffic.

I think this would also be possible interest to residents of the new Royster Corners property.

Best regards,

David
