I may need to get off the meeting before I have a chance to speak, so my comment is included in written form here:

My name is Laura Gundlach-Heiman, and I would like to express my strong support for the staff approved Regent Street plan proposed at the last TC meeting. I support this proposal as a daily commuter who travels along Regent Street by bike, bus, and car; as a community member who works just one block off Regent on Mills Street and has witnessed numerous crashes and near-crashes at intersections; and as the Executive Director of Neighborhood House Community Center, located at 29 S. Mills St.

At Neighborhood House, we serve a diverse population of individuals and families accessing programs and services—many of whom drive, walk, bike, and use public transit. This plan improves safety and accessibility for all users while also supporting the nearby hospitals, businesses, and broader community.

Thank you for your time and consideration.

Laura
