PUBLIC HEARING ITEMS

 1.
 09640
 410 East Wilson Street - Comprehensive Design Review for Signage, Wall Sign. 6th Ald. Dist.

The motion noted that the proposed wall signage combined with the building's façade

renovation provided for direct address of the provisions for Comprehensive Design Review Plan as follows: "for either an existing or new building should the integration of street graphics into an overall building design be prohibited solely by the restrictions of this ordinance, with the objective of the conference design review being the recognition of exceptional effort to create visual harmony between street graphics, the building, and the building site."

A motion was made by Slayton, seconded by Ferm, to Grant Final Approval. The motion passed by voice vote/other.

2. <u>09118</u>

4802 Tradewinds Parkway - New Hotel in Urban Design District No. 1. 16th Ald. Dist.

The motion noted favorable acceptance of the site plan and general building massing with issues relevant to the location of the pool, the need to look at façade development and Beltline orientation versus Tradewinds Parkway, as well as the detailing of the non-pool end elevation as well as comments relevant to delineation of the drop-off of the porte cochere and issues with the 24-foot wide drive aisle yet requiring further resolution with further consideration of the project.

A motion was made by Barnett, seconded by Rummel, to Grant Initial Approval. The motion passed by voice vote/other.

3. 02291 1209 Deming Way - Parking Variance. 9th Ald. Dist.

The motion required address of the fire access drive, landscaping, and entry islands.

6. 09653 303 North Hamilton Street - PUD-SIP for 69 Units in a New Building with 3-Units in an Existing Structure to Remain. 2nd Ald. Dist.

A motion was made by Harrington, seconded by Rummel, to Refer this item at the applicant's/staff's request. The motion passed by voice vote/other.

7. <u>08547</u> 89 East Towne Mall - New Building Addition to a Planned Commercial Site for Buffalo Wild Wings. 17th Ald. Dist.

The motion provided that the logo must meet the requirements of the Street Graphics Ordinance to not overlap with the black and white alternating vertical element to align with the white square of the alternating black and white vertical element.

A motion was made by Cosgrove, seconded by Rummel, to Grant Final Approval. The motion passed by voice vote/other.

NEW BUSINESS

8. 09641 7050 Watts Road - Amended PCP-SIP for an Addition to Sam's Wholesale Club. 1st Ald. Dist.

Received an Informational Presentation.

9.096577197 Elderberry Road - PUD-GDP for 38 Duplexes, 32 Townhomes and 30
Apartment Units. 9th Ald. Dist.

The Commission noted that many areas of the issues relevant to the subdivision plat were primarily to those areas not to be zoned PUD-GDP, where potential modifications to thee areas within the proposed subdivision plat would ultimately affect the configuration, size and other elements of those lots to be proposed rezoned PUD-GDP, therefore appropriate to be the subject of the Commission's recommendations. The Commission further noted the need to address the following:

- Basic network of streets, building types and uses are acceptable where the development of Woodstone Boulevard needs to provide for a wider greenspace at its center, as well as tree and other amenities as noted within the above report.
- Further development and analysis of stormwater detention pond as a public space, as well as providing connectivity to the adjacent greenway areas to the west, as well as the enhanced greenspace amenities along Woodstone Boulevard and consideration for connectivity to lands to the east.
- Consider realigning the southerly green strip adjacent to the eastern boundary of the site to provide for an extension of Woodstone Boulevard to the east.
- Provide for the refinements to the round-a-bout circle as well as the orientation of the proposed apartment building off of the southwesterly corner of the subdivision plat (zoned PUD-GDP).
- Consideration for the realignment of Outlot 1 with the centrally located greenspace within Woodstone Boulevard and Outlot 2 the stormwater detention pond should provide for both bike and pedestrian connectivity.
- Make sure that the round-a-bout is adequately sized and should relate to the building type and design on Lot 11.
- Provide alternatives to the concentration of stormwater detention facilities on proposed Outlot 2 only.

A motion was made by Barnett, seconded by Slayton, to Grant Initial Approval. The motion passed by voice vote/other.
