Dear Ms. Lafave,

I represent a group Schenks Atwood neighbors who are raising money to cast the Effigy Tree sculpture in bronze and return it to its former location in Hudson Park. We would like to be placed on the agenda at of the April 9 Parks Commission meeting to discuss our project. Specifically, we would like to give the Commission an update on our efforts and find put whether we need permission from the Commission to return the sculpture to its original site. If you have questions about this request, do not hesitate to contact me.
