

## Letter of intent- food truck operation

Our intention is to operate a Nicaraguan food truck at 4633 Verona Rd in Madison.

The concept of the truck is to offer our food: tacos, enchiladas, plantain chips, French fries, fruit juices....

The truck will park in a designated area within the property's parking lots, making sure not to obstruct pedestrians or vehicular traffic and always maintaining order and cleanliness of the place.

The truck will use equipment in good condition to minimize noise, a silent power generator, and will not be played at high volume.

Our opening hours will be Wednesday to Sunday from 1pm to 9pm, with the aim of avoiding any possible inconvenience to the community during night hours.

Thank you for your consideration and I offer my availability for any additional information.

Mery Talavera
