TITLE: LANDSCAPE PLAN

SHEET NO. L1.1

NOTES:  
 1. Diggers Hotline Ticket #20130903801 had cleared by the time fieldwork was being completed, however no marks were observed in the field. Maps provided by Madison Gas & Electric show nothing crossing nor serving the site. There is some gas and electric serving the Culvers restaurant as shown. The surveyor made no attempt to have a private utility locate done.  
 2. At the time of the survey (the first 2 weeks of March 2013) there was considerable snow piles. The owner did make an effort to clear them, but there still may have been some improvements that were not visible at the time of the survey.  
 3. Elevations are NAVD88 Datum based on City of Madison Benchmarks.  
 4. Pipe sizes noted are per GIS maps provided by the City of Madison.
