To Whom it May Concern:

Community Action Coalition for South Central Wisconsin, Inc. (CAC) supports Dunn's Marsh Neighborhood Association in their proposal to implement a community art and beautification project at Marlborough Community Garden. Led by community garden leaders, the construction of mosaic tiles will occur through multiple public workshops held throughout the summer months. The process will encourage wider community participation at the garden and will benefit people of all ages and abilities. Furthermore, this mosaic tile project will support the garden's larger mission to build community spirit and leadership in the neighborhood.

CAC staff is excited to work with Dunn's Marsh Neighborhood Association, Marlborough Garden Leadership, and Marlborough gardeners on this project. Our staff, Garden Specialist Micah Kloppenburg, will help ensure outreach, gardener participation, and support the cross-cultural accessibility of the workshops.

Please contact me for further information or clarification.

Sincerely,

Greta C. Hansen
Executive Director
