Hello,

I'd like to follow up after the meeting. The developers were discussing their willingness to keep the pedestrian path and repave and maintain it. I would like to request that this be added to the plans, so that it is not overlooked later.

I live at 3002 McKinley Street. We use this path daily. Many children from our street use this path to travel to schools west of our street.

We would like to be guaranteed that we get to keep our pedestrian walkway between Stevens and Bluff streets off of McKinley Street.

To my knowledge there has been no surveying of the walkway, or the many daily users of it.

We would also like to request that McKinley Street not be used for construction traffic, as it will greatly hurt our street and asphalt.

I'd also like to request a crosswalk be added to the base of Hoyt park, as it is a blind corner on Bluff street and a hazard for crossing to the park.

Thank you,  
Laura Novak
