Project Overview:

This site is currently comprised of land owned by two separate entities – Middleton Community Church and the Luyet family. The proposal is to create a CSM on the Church parcel to split off a portion of their current parcel and to combine that land with the contiguous property owned by the Luyet family. The church property is currently zoned as SR-C1 and the Luyet property is currently zoned A-1. Both areas that comprise the land covered by this application have been farmed to date.

The proposal develops the site into 43 single family lots, 2 lots for development of single family “cottages” (small foot print condominium properties that will be free-standing), and 1 lot for the development of an Intergenerational Day Care Center, combining day care services for the elderly and pre-school aged children. The proposal is to zone the entire development as TR-C3 and present more detailed conditional use applications for the Cottage and Day Care lots in the near future. The site plan is attached for your reference. The site is a total of 23.73 acres and residential lots will comprise 16.36 acres of the total site area. There is a total of 3.13 acres set aside as outlots intended to provide open green space and manage storm water, per city requirements. The remainder of the acreage is road way.

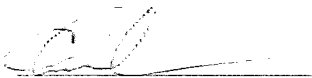

According to “The Direct Impact of Housing and Remodeling on the U.S. Economy” by Helen Fei Liu and Paul Emrath (2008), three permanent full time jobs are created when one new single family home is built. This development, then, would contribute a total of 129 permanent full time jobs to our local economy.

The development team has a long-standing reputation in Dane County for quality product and development expertise. We look forward to working with the City through the approvals process.

We anticipate a construction start date of May,2018 with site improvements complete by July, 2018. It is expected that the first residents will be moving in to the neighborhood in the early fall of 2018.

Respectfully Submitted,

CHAPEL VIEW LAND COMPANY LLC
