

A photograph of a field of green plants with purple and yellow flowers. The plants have long, thin, needle-like leaves. The flowers are in various stages of bloom, with some showing bright purple petals and others showing yellow petals. The background is a dense field of these plants, creating a textured, green background.

# Parks Operations Sustainability Focus and Results

**Madison Parks  
Board of Parks Commission Meeting  
January 10, 2024**

# Parks – Sustainability Leaders

- Introduction
- Sustainability Mission
- Support Structure
- Actions Taken
- Focus Forward

## Parks' Sustainability Goal:

Well-planned, systematic management and maintenance of natural areas, trees and plantings to support habitat and climate resilience.

# Setting the Foundation

- Land Management Plan
- Habitat Plans
- Planning and Coordination
- Score Cards

# Executing the Plan

Team Structure in Place

Delivering on Goals and Objective

# Delivering Results

- Transformation of natural areas
- Increased carbon sequestrers through tree planting and native plantings
- Multiplier Effect Results through Volunteers

# Sustainability Focus Forward

- EV
- Volunteers
- Facilities
- Land Management

Volunteers

Goat Invasive Control

EV Trash Collection Truck

EV Zero Turn Mower

# Parks Sustainability – Improving and Executing
