Good morning,

I would like to share that I am in favor of Nipinet and Caitlin doing the Madison public market mural. It is important with some of the art in Madison we represent our indigenous artists. Being a mother of indigenous children I have been hoping to see more art in the community my children can relate to. Caitlin is a very well known artist from Bad River (Odanah) Wisconsin. Nipinet was a tattoo artist for years in the Madison area as well as other media forms of art. Together they would create a beautiful work of art everyone in Madison would be proud of. Please consider selecting this amazing duo.

Thank you for your time.

Hello,

I am writing in support for the Mural Artist, Amy Zaremba. I have worked with Amy Zaremba for the last 10 years, both in my role as Mural Production Director at DAMA, and on individual Commission projects.

Amy Zaremba is the most professional, dedicated, and thoughtful mural artist I have had the pleasure of working with (and I have been a professional community artist and muralist for the last 30 years!).

Amy Zaremba excels in listening to the needs and wants of the client/community, and then translating those ideas into visual images. She encourages and listens to all the feedback, and will gracefully incorporate it into the design.

There will be no surprises, just a beautiful mural that everyone is proud of.

I am happy to answer any questions you may have, regarding Amy Zaremba's work.

Sincerely,  
Alicia Rheal

Hello,

I am writing to submit my support for Nipinet Landsem and Caitlin Newago's mural proposal. Having work d with both of these artists in the past, they are immensely talented and have a much needed point of view. They both have tremendous experience and I would be thrilled to drive by a mural of theirs every day.

Thank you,  
Ari Gochberg

Hehanni wasté, good morning!

I just wanted to submit this quick comment regarding Nipinet & Caitlin. They are both respected & supported hardworking artists in the Wisconsin Indigenous community, and I have no doubt this project will be nothing short of amazing. They deserve all the support, and will represent the land & community very well. Please pick them!!!

Dear Members of the Public Art Standing Committee,

I am writing to express my full support for Amy Zaremba and her exceptional work as a muralist and artist. From concept to creation, Amy's ability to bring art to life is truly unparalleled. Her deep connections to the Madison community, combined with her understanding of both the city and its surrounding areas, allow her to create murals that tell compelling stories and resonate with all who experience them.

Amy has an extraordinary talent for transforming any space, whether it's a living room or a 4-story building, coordinating every detail with remarkable skill. Her ability to infuse color, emotion, and life into her art has made her a pivotal figure in the Madison art scene.

What truly sets Amy apart is her innovative integration of digital elements into her murals. Through the use of QR codes, she continues to extend the story beyond the physical space, highlighting research, community connections, and much more. As someone who has had the privilege of collaborating with Amy on the digital aspects of her work, it's inspiring to see how she brings together the digital and static forms in a seamless and exciting way. This evolution of design and mural art is a testament to her creativity and forward-thinking approach.

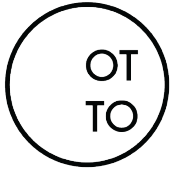

It would be an honor for the Madison Public Market to display Amy Zaremba's work. Her contributions to the city's art landscape are invaluable, and I wholeheartedly recommend her for any public art initiatives.

Thank you for your time and consideration.

Best regards,  
Ash-Dee Stifter
