Committee Member:

Teresa Holmes

Presenter/Organization Name:

Brentwood Village Assoc

Project Strengths:

- + The program could easily partner with others in the community area to augment usage + services to support the pilot
- + good community / volume of children who would benefit from pilot
- + ~~good programming~~ the program doesn't have an existing neighborhood center + will be (service) fully ~~existing~~ community centric
- + They appear to have a clear need for benefit opportunity

Ways Project Could be Stronger:

- provide more data to support how they'd obtain measurable outcomes
- ~~message~~ stated highly diverse + densely populated

Questions:

Does this area / program have valid MMSD qualifiers?
what is the breakdown / matrix on who would best be served?

Encourage/Discourage?

I hear the need but would like to be able to see / understand more of the "hows" in what the program could be expected to support / do.
