Residents receive case management services in areas such as AODA counseling, physical and mental health counseling, employment/housing counseling, money management, housekeeping, parenting skills, tenant rights and responsibilities, and community referrals. The program provides housing for many formerly homeless people, as many residents have spent time at Porchlight's Drop-In Shelter or The Salvation Army's family and women's shelter. In addition, the program has the goal of assisting and moving persons from the transitional housing units, which have a time limit of two years, to stable and independent permanent housing.

- E. **PROGRAM ACTIVITIES** In the space below, describe the strategies and program activities used to achieve each of the program outcomes. (These usually include a description of what services your staff and volunteers deliver to achieve your outcomes.)

Outcome #1

Each person living in Porchlight transitional housing is assigned a case manager who provides a variety of services that are designed to assist the household to not only maintain their housing with Porchlight, but also develop skills that will help them obtain and maintain housing in the private market. These skills include budgeting, housekeeping, life skills development, developing a solid rental history, and developing and maintaining connections to community resources that are essential to household stability.

Outcome #2

Each person living in Porchlight permanent housing is assigned a case manager who provides services that are meant to help them maintain their housing for as long as possible. Residents of Porchlight permanent housing are given the expectation that their residence will be their home for as long as they desire, and if they choose to move it should be a move into another safe and affordable housing opportunity. Similar to the activities provided to transitional housing residents, permanent housing residents are assisted with budgeting, housekeeping and life skills development, and maintaining and improving connections to community resources that improve household stability.

- E. **PROGRAM ACTIVITIES** In the space below, describe the strategies and program activities used to achieve each of the program outcomes. (These usually include a description of what services your staff and volunteers deliver to achieve your outcomes.)

Outcome #1

Each person requesting assistance from Transit for Jobs completes an intake form. Most persons requesting assistance do so through Hospitality House, Porchlight's daytime resource center for homeless and low-income persons. Other persons with case managers from other Porchlight programs and other agencies can also receive assistance directly from their case manager. The person is then screened by Porchlight staff (or staff from one of the partner agencies) to determine the purpose or reason for the assistance. If the person is eligible for Transit for Jobs assistance, staff then determines the amount of assistance to provide. Staff follow-up with recipients to determine the success of the assistance. Documentation of all assistance and its result is entered into Service Point.

Outcome #2

Similar to Outcome #1, Each person requesting assistance from Transit for Jobs completes an intake form. The person is then screened by Porchlight staff (or staff from one of the partner agencies) to determine the purpose or reason for the assistance. If the person is eligible for Transit for Jobs assistance, staff then determines the amount of assistance to provide. In this case the assistance with a monthly bus pass will be provided to individuals who have obtained employment and need a monthly pass in order to get to the job and maintain it. Staff follow-up with recipients to determine the success of the assistance. Documentation of all assistance and its result is entered into Service Point.

Nearly 85% of residents in 2007 had at least one disability. More than two-thirds of those applying for housing have very poor housing histories, few or no rental references, a history of evictions, and other housing problems. - E. **PROGRAM ACTIVITIES** In the space below, describe the strategies and program activities used to achieve each of the program outcomes. (These usually include a description of what services your staff and volunteers deliver to achieve your outcomes.)

Outcome #1

The Brooks Street SRO Housing staff keeps up-to-date records of unoccupied units and maintains a waiting list of approved applicants who are ready for housing. This helps to maintain a high occupancy rate. The Porchlight housing application procedure and the focus on providing housing to extremely low-income individuals means that there is always a long list of potential candidates for SRO housing.

Additionally, staff helps residents maintain residency through difficult circumstances by using tools such as flexible rental and security deposit payment agreements, eviction prevention interventions, and a no-interest emergency loan fund.

Outcome #2

SRO Housing staff actively recruits potential residents, particularly from other homeless services providers that have program participants in need of housing. Porchlight provides wraparound services for all SRO Housing residents, including some services that are available 24 hours per day. These wraparound services increase the tenure of current residents who without SRO Housing would almost assuredly be homeless. Examples of these services include assistance to resident to maintain stable housing, such as: Food pantry assistance, computer lab training and access, housing security, resident life services, and conflict resolution. In addition, staff provide services that provide a safe and secure environment, such as police calls and calls for medical assistance.

(from App Summary Page A)

- A. **PROGRAM OVERVIEW** Briefly summarize the program being provided (or proposed), including the need being addressed, the program's goals, and the impact of the program. (Word limit: 150 words)

The SRO (Single Room Occupancy) Supportive Services program at Porchlight's Brooks Street facility is an effective method for providing services to low-income residents. The goal of the program is to successfully integrate client-centered social services with affordable housing for formerly homeless and extremely low-income Dane County residents. Access to support services is the key to helping this population maintain housing.

Designed specifically for adult men and women, the program provides support for those at high risk of mental health crisis and repeated homelessness. The objective of the program is to encourage extremely low-income residents with barriers to self-sufficiency, such as mental illness or AODA to maintain their SRO housing and by utilizing community supports. The strategy is to implement services primarily through the SRO Supportive Services Coordinator who oversees programs, coordinates clinics and workshops, recruits residents, and responds to the specific needs of individual residents.

ORGANIZATIONAL PROFILE

ORGANIZATION Porchlight, Inc.
(Submit to all revenue sources.)

AGENCY INFORMATION

1. **MISSION STATEMENT** Describe your agency's mission in the space provided.

Porchlight strives to decrease the Dane County homeless population by providing shelter, housing, supportive services, and a sense of community in ways that empower residents and program participants to positively shape their lives.

As the largest non-profit provider of housing, shelter, and services to the homeless in Dane County, Porchlight strives to end homelessness and foster independence for persons suffering the indignities of homelessness. To do this, Porchlight employs a dedicated and well-trained staff and works with a large group of concerned citizens and organizations that provide more than 1,700 volunteers and tens of thousands of volunteer hours.

2. **SERVICE IMPROVEMENT** Describe any recent initiatives or best practices, programmatically or administratively, that have improved your agency's ability to deliver services.

In 2005, Porchlight developed a strategic plan for all agency programs that set forth goals and activities deemed necessary to improve the ability of the organization to operate efficiently and to end homelessness. Upon completing more than 75% of the outcome objectives of that plan, Porchlight is in the process of developing an entirely new strategic plan. A major new area is to develop an increased number of housing units suitable for Housing First programs that seek to avoid the need for shelter or alternatively address the needs of the chronically homeless by providing a combination of housing and intensive case management combined with mental health and substance abuse treatment services. Porchlight's current outreach program has been successful but it is very limited in terms of case management and housing resources available. Porchlight is also seeking to better measure long-term success of its programs, particularly in the family housing area by tracking families after they leave Porchlight housing.

3. **EXPERIENCE AND QUALIFICATIONS** Describe (in the space provided) the experience and qualifications of your agency related to the proposed programs.

Porchlight, Inc. is a non-profit, volunteer-intensive housing provider that has provided services to the homeless community since 1985. In 2007, Porchlight programs provided services to over 13,000 people and more than 149,000 nights of shelter. Services for emergency shelter, transitional housing, eviction prevention, and permanent housing are offered through four primary housing programs: Drop-In Shelter, Scattered Site Permanent and Transitional Housing Programs, Hospitality House, and Safe Haven. Porchlight provides homeless and low-income individuals and families a continuum of services to help foster independence and self-sufficiency. While on the streets or in shelter, clients receive assistance with food and meals, emergency loans, computer training, transportation, medical clinics, referrals to community resources, Alcohol and Other Drug Abuse (AODA) counseling, and housing and employment counseling. With over 230 units of low-cost transitional and permanent housing of different types at various locations, Porchlight can provide housing and supportive services to every homeless subpopulation.

8. **LIST PERCENT OF STAFF TURNOVER** 29% Divide the number of resignations or terminations in calendar year 2007 by the total number of budgeted positions. Do not include seasonal positions. Explain if you had a 20% or more turnover rate in a certain staff position/category. Discuss any other noteworthy staff retention issues, or policies to reduce staff turnover.

Four positions included in the turnover were promotions. Several positions related to the fact that we cannot compete on a salary basis with State / County / City positions. Several others were students that worked part time and left.
