PUBLIC NOTICE

This summer, the City of Madison Traffic Engineering Division, via CCI contractors, will be installing conduit in the median of S Park St from the railroad tracks (just south of Plaenert Dr) to just south of Badger Rd. This conduit will be used primarily for fiberoptic cables to enhance the City's communication capabilities.

There will be a public hearing to discuss this project before the City of Madison Board of Public Works on Wednesday, June 3, 2009, at 5:30 pm in Room 108 of the City County Building, 210 Martin Luther King Jr Blvd.

The conduit will primarily be installed by directional boring, to reduce the excavation areas. Restoration of any damage within the limits of the road right-of-way will be completed in accordance with the City of Madison's standard specifications. Traffic will not be significantly affected by this work, but there could be some off-peak hour lane closures.

If any persons have additional questions or concerns regarding this project, please call or email Dan Dettmann at ddettmann@cityofmadison.com and 608-266-6536.
