

S. Livingston St. Assessment District – 2020

Project Engineer: Steve Sonntag

Alder: Rummel

Limits: S. Livingston St. from 400 feet south of E main St. thru The WisDOT RR right of way. (see map on reverse)

Utilities

None proposed.

Street

Existing Livingston: Pavement = 4/10, Curb = 0/10; 2 travel lanes, no bike facility's and no sidewalk

Proposed Livingston St.: Replace pavement, and install new curb & gutter and sidewalk to connect with the existing sidewalk on both north and south limits of the project; 1 travel lane in both directions to include bike lanes in both directions.

Street lights & Traffic Signals

None proposed

Public Input

We held a Public informational meeting and a utility meeting at MG&E on December 19th to discuss the project and determine if there will be any utility conflicts. It was determined that 2 street light poles may need to be moved to accommodate the new sidewalk and the AT&T structure in the street will need to be adjusted. All the existing utilities will remain as there are today.

Tree Removals: no trees on this section of S Livingston St.

Costs:

Total Cost: \$250,000

Assessments: \$ 65,000

City Cost: \$165,000

Schedule:

Advertise for bids: 2/6/2020
