**To: Property Owners along Potter Street**

**Re: Proposed Street Reconstruction Project & Public Hearing, City Project No. 53W1506**

The City of Madison is proposing to reconstruct Potter Street in 2015. Enclosed with this letter is a fact sheet with details regarding the proposed project and a notification for the Public Hearing before the Board of Public Works. The date, time and location of the public hearing can be found on the notification.

The project will involve special assessments to the owners of property adjacent to the project. The adjacent property owners will be assessed for various items included with the proposed project. A table detailing the City's standard assessment policy for the street reconstruction items is included on the fact sheet.

Also enclosed is a Schedule of Assessments, which shows the estimated costs for each property adjacent to the project. After the work is complete, a final assessment will be calculated based on bid prices and work actually performed. The final assessment, which will be billed after the completion of the project, is payable in one lump sum or over a period of eight years, with 3.0% interest charged on the unpaid balance.

To request accommodations for special needs or disabilities or if you have any other questions regarding this project, please contact the Project Engineer. This includes requests relating to the Public Hearing and also requests relating to the actual operations of construction. A list of contacts for this project can be found on the enclosed fact sheet.

Sincerely,

Robert F. Phillips, P.E.  
City Engineer

**NOTICE OF PUBLIC HEARING  
BEFORE THE BOARD OF PUBLIC WORKS  
FOR  
PLANS, SPECIFICATIONS, AND SPECIAL ASSESSMENTS  
FOR  
PUBLIC WORKS IMPROVEMENTS  
MADISON, WISCONSIN**

**PART I**

The Common Council of the City of Madison, Wisconsin, having heretofore decided that it is expedient and necessary that the improvements as listed in Part II hereof be improved at the expense of the property thereby on which would be conferred some special benefit.

NOW, THEREFORE, NOTICE IS HEREBY GIVEN:

That the City Engineer has prepared plans, specifications, a proposed schedule of assessments, and an estimate of the entire costs of the improvement for each of the districts listed in Part II hereof, and;

That the plans, specifications, a proposed schedule of assessments, and an estimate of the entire cost of the improvements listed hereto are available and open to inspection by all interested persons in the office of the City Engineer, Room 115, City-County Building, 210 Martin Luther King Jr. Blvd., between the hours of 7:30 a.m. and 4:00 p.m., Monday through Friday, and will so continue to be for ten (10) working days from the first published date of this notice, and;

That on WEDNESDAY, MARCH 4, 2015 AT 5:30 P.M., the Board of Public Works will hold a public hearing in ROOM 108 (PARKS CONFERENCE ROOM) OF THE CITY COUNTY BUILDING and will consider any objections that may be filed in writing or in person and hear all persons desiring to be heard, and;

**That special assessments may be paid over an eight (8) year period, with the owner paying 1/8 of the principal each year plus three (3%) percent interest on the unpaid balance, as determined by the Board of Public Works.**

That if the total assessment is paid in full before October 31st in the year that the billing is made, irrespective of project completion, then no interest shall be charged.

If you require an interpreter, materials in alternate formats, or other accommodations to access this public hearing, please contact the Engineering Division at phone (608) 266-4751 or email us at [engineering@cityofmadison.com](mailto:engineering@cityofmadison.com). Please make contact at least 24 hours prior to the date of this public hearing so that we can make proper accommodations.

**PART II**

**POTTER STREET RECONSTRUCTION ASSESSMENT DISTRICT – 2015**

**CENTER AVENUE AND SOMMERS AVENUE RECONSTRUCTION ASSESSMENT DISTRICT - 2015**

By Order of the Board of Public Works  
Madison, Wisconsin

PUB: WSJ FEBRUARY 20, 2015

# Fact and Details Sheet

## Proposed Potter Street Reconstruction Project - 2015

### Project Details – Proposed Work

**Sanitary Sewer:** Replace existing sanitary main (installed in 1927) and replace laterals to the property line (*assessable*).

**Water Main:** Replace the existing water main (installed in 1928) and reconnect services to the new main.

**Storm Sewer:** Replace as necessary, reconnect private storm sewer connections per City standards (*assessable*).

**Street Reconstruction:** The pavement, curb and gutter and driveway aprons will be replaced within the project limits. The existing concrete pavement will be replaced with asphalt pavement. Sidewalk will be replaced on an as needed basis. The proposed street width in the 300 block will be 30-feet, which is the same as the existing width. The street width in the 200 block will be narrowed from the existing 30-feet, to 28-feet. Narrowing street in the 200 block will allow the terraces to be widened to provide adequate space for street trees and will provide more storage space for snow plowing.

**Trees:** City Forestry staff has reviewed the street trees within the project limits and has identified the following trees that are either damaged or in declining condition to be removed:

- 24" European Ash 340 Potter Street
- 25" Green Ash at 222 Potter Street
- 21" Norway Maple at 205 Potter Street
- 22" Sugar Maple at 209 Potter Street
- 19" European Ash at 225 Potter Street
- 17" Green Ash at 309 Potter Street
- 12" Green Ash at 1101 Rowell Street

Replanting of trees typically takes place in the spring following completion of the project. All of the trees within the project limits will be pruned by City Forestry prior to the start of construction. For more information regarding the City's policies for street tree pruning, tree removals and the Emerald Ash Borer response plan see the back of this page.

### Construction Schedule & Impacts

**Tentative Schedule:** Mid-June, 2015 through the end of August, 2015.

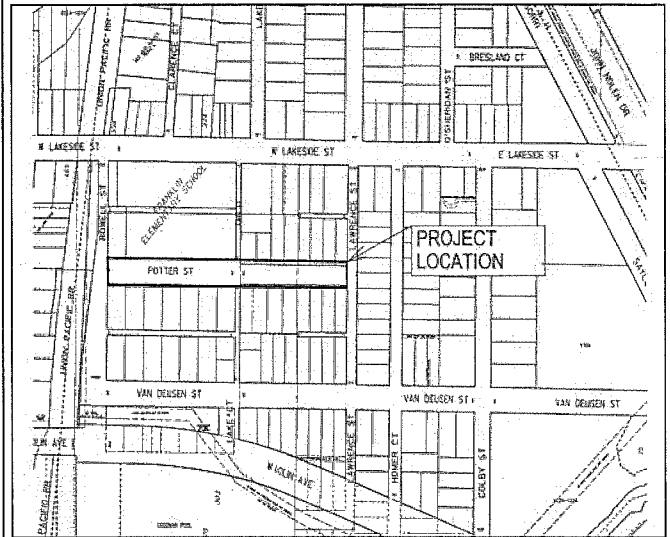

**Traffic Impacts:** Potter Street will be closed to through traffic during the Construction. Access will be maintained for emergency and local traffic. Pedestrian access will be maintained on at least one side of each of the street at all times, and access to businesses will be maintained as necessary.

**Water Shut-offs:** An average of two water shut-offs are expected for each property within the project limits, and the timing of these shut-offs will be coordinated as much as possible. A minimum of 48 hours of notice will be provided prior to the shut-offs. Each shut-off may last up to eight hours, but typically last about four hours.

At the start of construction, the existing main will remain in service until the new main is installed and connected to; emergency shut-offs may occur if the old, brittle main is damaged during construction.

**Refuse Collection:** It will be the contractor's responsibility to allow for refuse collection during construction. Please mark your address on your cart to make sure it is returned if moved. Please contact private collection companies to inform them of the project.

### Assessment Policy Breakdown

Item	City Share	Owner Share
Ex Conc. curb, sidewalk, aprons	50%	50%
Sanitary Laterals	75%	25%
Private Storm Connection	0%	100%
Asphalt Pavement	100%	0%
Sanitary & Storm Mains	100%	0%
Water Main	100%	0%
Sidewalk Ramps	100%	0%

Assessments are payable as a lump sum or over eight years with 3.0% interest.

## City Forestry Street Tree Policy Information for Engineering Project - 2015

Tree pruning in advance of the project is required to reduce the risk of damage to the trees during construction. The City of Madison Forestry Section will perform the necessary work. For certain species, especially oak and elm trees, the pruning must be completed by April 1<sup>st</sup> to reduce the chance of disease. If trees need to be removed, City Forestry or City Engineering will notify the adjacent property owner prior to removal.

All ash street trees within the project limits have been or will be evaluated for potential chemical treatment for Emerald Ash Borer (EAB). Ash trees with trunks measuring less than 10" in diameter at 4.5 ft (DBH) from the ground, ash located under high voltage electric distribution lines, and ash that are structurally compromised or in poor condition will not be treated as outlined the City's EAB Plan. Ash trees that do not meet the treatment criteria will be removed prior to construction, and will be removed regardless of the construction project schedule. Including ash removals as part of the project will allow for a faster replacement timeframe. For more information about EAB and the City of Madison EAB response plan please see: <http://www.cityofmadison.com/parks/services/forestry/pests/EAB/index.cfm>.

Street trees provide many benefits to our city and are considered an important part of the city's infrastructure. Forestry Section staff will evaluate the terrace for new planting sites and potential replacement sites when the project is complete. There is no additional cost to the adjacent property owner for a tree planting. Street trees are typically planted in the spring of the year following the completion of the construction project. Per Madison General Ordinance 10.10, City Forestry determines tree species and planting locations. Residents cannot choose or plant their own tree in the terrace.

For any questions regarding street tree maintenance or planting, please contact Dean Kahl at 266-4891.
