**Subject:** Re: Public Hearing for Horseshoe Bar Patio request

Hi There,

We received notice of a local tavern requesting a change to add a patio.

We have lived near this tavern for a couple of years now, and although we don't drink, we have noticed very few issue's at this bar, and believe they should be granted a reasonable permit for such patio.

Please feel free to forward this to the Alcohol License Review Committee, as well as the Common Council for considerations.

Thank you for your time, feel free to email or call with any questions or comments, and I appreciate your efforts in notifying local residents.

Greg
