Park Event Application NARRATIVE & SCHEDULE

Please provide a brief narrative of the event.

The Great Lakes Student Conference is a two-day engineering competition that will be hosted by UW-Madison’s Civil and Environmental Engineering Department on Friday, April 2nd, 2020. Vilas park would be used for the one-day concrete canoe racing portion of the event. Teams would arrive as scheduled, unload their canoes and stage them adjacent to the park’s beach between races. For races, teams would load their canoes into the Lake Wingra on the park’s beach and proceed to race in groups of up to 5 canoes. The Special Events unit of Madison’s fire department has confirmed that they will provide a rescue team and boat for the event. Other smaller events, such as a bean bag toss may be incorporated into the event for participants to pass time between canoe races.

Anticipated impacts and mitigation plans are as follows:

- Lack of parking space
 - We will be providing bussing to the event for participants.
 - We are working to reserve separate parking space for trailers (either at UW-Madison or the Alliant Energy Center).
- Traffic
 - Teams will be scheduled to unload their trailers in waves to minimize traffic at the event location.
 - We would like to reserve the parking lot nearest the Vilas Park beach (see map) to provide an unloading zone such that teams will not obstruct traffic while unloading their trailers.
