Subject: Farm and Fleet project

Tim,

I received a call from:

Tina Schmidt
5200 Camden Road
Madison, WI 53716

608-221-9062

Regarding the farm and fleet project – Tina, wants the storm sewer system upgraded as part of this project (she owns property at Camden and Linda Vista that floods) – she cannot attend the meeting tonight (works). This is in reference to comment #4 & #5 on Engineering's comments which (I am paraphrasing – she supports).

I am not able to attend the PC tonight.

Greg
