

We, the undersigned, petition the Madison Public Libraries Board of directors to request that NOISE-LIMITS BE ESTABLISHED in libraries with shared adult/child spaces, in an effort to accommodate patrons in need of space conducive to study. We request that library workers be GIVEN THE VERBAL TOOLS to, confidently and consistently, intervene in the disruptive behavior of library patrons including: loud parents with loud children, loud teenagers; loud music listeners, phone talkers and game players; also including loud library workers conversing with loud patrons. We request that A POLICY BE ADOPTED wherein parents are encouraged to remove a child engaged in a prolonged disturbance.
