

December 18, 2018

To: Members of the Alcohol License Review Committee

From: Madison Mark Neighbors' Association

The new Mr. Kimchi restaurant near the King Street entrance to the Madison Mark Apartments is on the agenda for the Alcohol License Review committee despite the lack of an information session. We are opposed to granting approval of the license application at the December 19, 2018 meeting. We request the applicant be required to hold an informational session for neighboring businesses and residents in neighboring buildings.
