

To whom it may concern:

On Thursday July 21, 2011, I met with Vince Romano and Victor Villacrez to discuss the plan to open a Wingstop at 1234 Regent Street. Vince owns two other Wingstops in the Chicago area and this would be his third store. Vic is the Liquor Agent. We discussed the operation, the menu, and the nature of business on Regent Street. I believe there restaurant will benefit the area by providing a late night menu on weekends, and alcohol revenues will overall be minimal. I fully support Vince's application for the Beer only license based on the record of his business, the low level of anticipated alcohol sales, and late night menu variety. I believe the restaurant will eventually become an great asset for the neighborhood.

Please consider granting approval of the Class B Beer Only liquor license to Wingstop at the ALRC meeting this August 17th. If you have any questions, feel free to call my cell: 608-807-7962.

Thanks,

Scott
