Title

AUTHORIZATION TO ACCEPT ADDITIONAL FUNDS FROM THE WISCONSIN DEPARTMENT OF CHILDREN AND FAMILIES (WI DCF) FOR THE MATERNAL, INFANT, AND EARLY CHILDHOOD HOME VISITING PROGRAM (MIECHV)

Body

Public Health Madison and Dane County (Public Health) propose the acceptance of additional Funds from the Wisconsin Department of Children and Families (WI DCF). These funds enable Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Program recipients to address the needs of expectant parents and families with young children. These funds support Public Health's Nurse Family Partnership (NFP) program. The WI DCF administers the Family Foundations Home Visiting program (FFHV). FFHV receives funding through the Federal Maternal, Infant, and Early Childhood Home Visiting (MIECHV), Temporary Assistance for Needy Families (TANF), and State General Purpose Revenue (GPR) funds to support families served by evidence-based home visiting programs.

The purpose of the MIECHV Program, authorized by section 511 of the Social Security Act, is to support the delivery of coordinated and comprehensive high-quality and voluntary early childhood home visiting services to eligible families. NFP is an evidence-based program that provides nurse home visiting services to low-income people during pregnancy and supports the family until the child is two (2) years old. Public Health is an LIA for the MIECHV Program.

The Board of Health for Madison and Dane County previously approved Board of Health Resolution File #81369 (Enactment # RES-24-00100), and Dane County Board Resolution #2024 BOH RES-031 authorizing the acceptance of \$506,676.00 from WI DCF. In 2025, Public Health received an additional \$54,234.00 from WI DCF, increasing the total amount to \$560,910.00.

NOW THEREFORE BE IT RESOLVED, that the Board of Health for Madison on behalf of Public Health Madison & Dane County authorizes the Director of Public Health, or their designee, to sign the agreement, and accept and expend the funds in the total amount of \$560,910.00 for the 2025 Nurse Family Partnership budget; and

NOW THEREFORE BE IT FINALLY RESOLVED, that the Board of Health for Madison and Dane County on behalf of Public Health Madison & Dane County authorizes the Director of Public Health, or their designee, to sign the agreement, accept and expend the funding, and amend the 2025 Public Health budget in the amount of \$54,234.00.

Title

AUTHORIZATION TO ACCEPT ADDITIONAL FUNDS FROM THE STATE OF WISCONSIN DEPARTMENT OF HEALTH SERVICES (DHS) FOR PREVENTIVE HEALTH AND HEALTH SERVICES (PHHS) BLOCK GRANT

Body

Public Health Madison and Dane County (Public Health) propose the acceptance of an additional \$831.00 from the Wisconsin Department of Health Services (DHS) for the Preventive Health and Health Services (PHHS) Block Grant.

The Board of Health (BOH) for Madison and Dane County previously approved BOH Resolution 2024-38 (File #85889) authorizing the acceptance of \$33,928.00 from the State of Wisconsin Department of Health Services (DHS) for the Preventive Health and Health Services (PHHS) Block Grant. Public Health received an additional \$831.00.00 from DHS, increasing the total amount to \$34,759.00.

The Preventive Health and Health Services (PHHS) Block Grant is federal funding from the Center for Disease Control and Prevention (CDC) that states pass through to local health

departments and Tribal agencies to address priority public health needs. These funds support recipients in responding to prioritized public health needs within their jurisdictions, while strengthening collaboration with local and Tribal public health agencies and community organizations. We receive this funding because Public Health plays a key role in supporting local prevention efforts, advancing health equity, and responding to emerging health issues. The funds are intentionally flexible, within federal and state boundaries, and can be used for activities such as reducing preventable illness and death, supporting healthy community initiatives, strengthening data and surveillance systems, and improving agency operations and accreditation. While we must ensure all expenses align with contract requirements and CDC terms and conditions, this funding allows us to expand and enhance local public health efforts; using evidence-based strategies, reducing risk factors, and supporting policy, social, and environmental changes that benefit our community.

NOW THEREFORE BE IT FINALLY RESOLVED, that the Board of Health for Madison and Dane County on behalf of Public Health Madison & Dane County authorizes the Director of Public Health, or their designee, to sign the agreement, accept and expend the funding, and amend the 2025 Public Health Budget by \$831.00.

Title

AUTHORIZING APPROVAL OF INCREASING THE ANNUAL ESTABLISHMENT LICENSE FESS FOR THE LICENSED ESTABLISHMENT PROGRAM

Body

Public Health Madison & Dane County (Public Health) proposes a 17% increase in the annual fees for General Licenses and Food Licenses for the work performed within the Licensed Establishment program as described in the General License and Food License fee schedules attached to this resolution. This 17% increase will support the staffing levels required by our agent contract to deliver high-quality, customer-focused services while maintaining a balanced budget for the 2026-2028 licensing cycles.

Public Health is an agent for the State of Wisconsin to license and inspect retail food establishments, lodging facilities, public swimming pools, recreational and educational camps, campgrounds, beaches, body art and manufactured home communities. These activities help prevent illness and ensure public safety. This program is entirely fee supported. An equitable sliding scale based on gross sales, previously established by Public Health, will continue to apply with this fee adjustment, reflecting our ongoing commitment to equity in

program services.

NOW, THEREFORE, BE IT RESOLVED that annual establishment license fees shall be established by the Board of Health for Madison and Dane County and may be reestablished by the Board of Health for Madison and Dane County as needed, per MGO Ch 7 and Ch 9; and

BE IT FURTHER RESOLVED that the Board of Health for Madison and Dane County on behalf of Public Health Madison & Dane County authorizes approval of the 17% increase to the Public Health Madison & Dane County Licensed Establishment program for General License and Food License fee schedules, effective January 1, 2026; and

BE IT FINALLY RESOLVED that the published Public Health Madison & Dane County license fee schedules for the annual establishment license fees be publicly available at the City Clerk's Office and posted on the Department's website.

HARM REDUCTION & PREVENTION DROP-IN CENTER - RFP PRESENTATION

Harm Reduction and Prevention Drop-In Center

December 3, 2025

Background

Dane County Board of Supervisors approved \$800,000 in opioid settlement funds (RES-370) to support the creation of a centralized, low-barrier Harm Reduction and Prevention Drop-In Center.

A Harm Reduction and Prevention Drop-In Center is a safe, welcoming, and low-barrier space where people at risk of overdose, infectious disease, or other substance-related impacts can access nonjudgmental support, supplies, education, and referrals—without the requirement of abstinence.

This RFP was released by Public Health Madison & Dane County (PHMDC) to identify a qualified organization to establish and operate the center.

Scope of Services

These centers focus on:

- Harm reduction services like distributing naloxone, fentanyl test strips, sterile syringes, and safer smoking supplies.
- Prevention and health promotion through education, screenings (e.g., HIV, hepatitis C), and linkages to medical, mental health, and substance use treatment.
- Basic needs support such as snacks, hygiene products, clothing, and charging stations.
- Peer engagement and support groups led by staff with lived experience to build trust and reduce stigma.
- Connections to resources for housing, employment, and other social services.
