I support the new four way stop sign on N Baldwin St. I drive and bike this area frequently. The four way stop sign will slightly slow me down when I am in a car, but this is worth it for the safety for peds and bikes on Baldwin St. In addition, it may drive more traffic to First St over Baldwin which would be a good thing.

I support the uphill bike lane which will make this route a possibility for bikers. The loss of parking will harm some residents, but there are other options in the vicinity. Those who do not live on a permit block should consider petitioning for their block to be added to the permit parking system. Additionally there are many parking spots on Dayton and Baldwin St North of Johnson. According to the city data, this permit zone has a very low rate of permits issued per parking spot.

Sincerely,
Ross Milton
