Item # 4 and #7

Francisco's Mexican Restaurant

In review of the application on the agenda, the plans show the second floor as a bar with open floor space. There is no attached documents that would explain the use of this space and it is left to assume that as the applicant is also applying for a 18+ entertainment license that this space would be used as a bar/night club type setting.

I had brief conversation prior to the applicants filing of their paperwork and have not had any further contact by them to explain their business plan. Furthermore, I see no documentation that gives prior record of operating a bar/night club with 18+ patrons.

District recommends denial of this application for expansion, increased capacity and entertainment license.

Should the applicant bring items to the meeting that would meet requirements of the application process, I would seek referral to the next ALRC meeting to allow for the District to review the documents and meet with the applicants.
