RE: Approval of a conditional use at **402 Rustic Drive** to construct a building addition creating a structure with 10,000 square feet of floor area

Dear Ms. Shaw:

At its June 17, 2013 meeting, the Plan Commission, meeting in regular session, approved your request for a conditional use to construct a building addition creating a structure with 10,000 square feet of floor area at 402 Rustic Drive. In order to receive final approval of the conditional use and for permits to be issued, the following conditions must be met:

Please contact Janet Dailey, City Engineering Division, at 261-9688 if you have questions regarding the following two (2) items.

1. The applicant shall submit, prior to plan sign-off, a digital CAD file (single file) to the Engineering Program Specialist in the Engineering Division (Lori Zenchenko). The digital CAD file shall be to scale and represent final construction. The single CAD file submittal can be either AutoCAD (dwg) Version 2001 or older, MicroStation (dgn) Version J or older, or Universal (dxf) format and contain only the following data, each on a separate layer name/level number: a) building footprints, b) internal walkway areas, c) internal site parking areas, d) other miscellaneous impervious areas (i.e. gravel, crushed stone, bituminous/asphalt, concrete, etc.), e) right-of-way lines (public and private), f) all underlying lot lines or parcel lines if unplatted, g) lot numbers or the words "unplatted", h) lot/plat dimensions, i) street names, and all other levels (contours, elevations, etc) are not to be included with this file submittal.

NOTE: Email file transmissions preferred addressing@cityofmadison.com. Include the site address in the subject line of this transmittal. Any changes or additions to the location of the building, sidewalks, parking/pavement during construction will require a new CAD file. (POLICY and MGO 37.09(2) & 37.05(4))

2. The applicant shall submit, prior to plan sign-off, digital PDF files to the Engineering Division (Jeff Benedict or Tim Troester). The digital copies shall be to scale, and shall have a scale bar on the plan set. (POLICY and MGO 37.09(2)) PDF submittals shall contain the following information: a) building footprints, b) internal walkway areas, c) internal site parking areas, d) lot lines and right-of-way lines, e) Street names, f) Stormwater Management Facilities, and g) detail drawings associated with stormwater management facilities (including if applicable planting plans).

Please contact Eric Halvorson, Traffic Engineering Division, at 266-6572 if you have questions regarding the following three (3) items.

3. When the applicant submits plans for approval, the applicant shall show the following: items in the terrace as existing (e.g., signs and street light poles), type of surfaces, existing and proposed property lines, addresses, one contiguous plan (showing all easements, all pavement markings, building placement, and stalls), adjacent driveway approaches to lots on either side and across the street, signage, percent of slope, semitrailer movements and vehicle routes, dimensions of radii, aisles, driveways, stalls including the two (2) feet overhang, and a scaled drawing at 1" = 20'. Contact City Traffic Engineering if you have questions.
4. The developer shall post a deposit and reimburse the City for all costs associated with any modifications to Traffic Signals, Street Lighting, Signing and Pavement Marking, and conduit and handholes, including labor, engineering and materials for both temporary and permanent installations.
5. Public signing and marking related to the development may be required by the City Traffic Engineer for which the developer shall be financially responsible.

Please contact Patrick Anderson, Zoning at 266-5978 if you have questions regarding the following item.

6. Shall comply with Supplemental Regulations for Buildings or structures exceeding ten thousand (10,000) square feet in floor area.

Please contact Bill Sullivan, Madison Fire Department, at 261-9658 if you have questions regarding the following item.

7. Madison Fire Department recommends the installation of a residential fire sprinkler system in accordance with NFPA 13D and SPS 382.40(3)(e). Additional information is available at the Home Fire Sprinkler Coalition website: <http://www.homefiresprinkler.org/Consumer/ConsHome.html>

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below:

1. Please revise your plans per the above conditions and submit eight (8) copies of a complete, fully dimensioned and scaled plan set to the Zoning Administrator for final review and comment. Also be sure to include any additional materials requested by these departments for their approval prior to sign off. The final site plan shall be accompanied by the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, Room LL-100, Madison Municipal Building, 215 Martin Luther King, Jr. Boulevard. The sets of final revised plans or documents will be circulated by the Zoning staff to the City department staff listed above for their final approval.
2. This property is not in a wellhead protection district. All operating private wells shall be identified and permitted by the Water Utility in accordance with Madison General Ordinance 13.21. All unused private wells shall be abandoned in accordance with Madison General Ordinance 13.21. The Water Utility will not need to sign off the final plans, and not need a copy of the approved plans.

3. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting demolition permit approval.
4. The approval is valid for one (1) year from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.
5. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
6. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use, demolition or building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at 267-1150.

Sincerely,

Kevin Firchow, AICP
 Planner
