Hello Transportation Commission,

I support the Proposed TWLTL configuration for Milwaukee St over the Four-Lane option. The traffic volumes don't justify four lanes, and fewer lanes will make the street safer for everyone-- drivers, cyclists, and pedestrians-- especially near intersections.

The planned multi-use path is a great improvement and will help connect residents to businesses like Woodman's. Overall, this design prioritizes safety and accessibility, which should always be our main goals.

Thank you for your work and consideration!

Best,  
Rachel Figueroa  
38 Harding St.
