Marsha,

I have been a co-op member for the past 20 yrs and have lived on the east for most of those. I support the co-op selling beer, wine, and cider.

I do not however support the proposed 5 story development on Fair Oaks. I am pro development and pro density, but there are no 5 story developments anywhere near there. This would stick out like a sore thumb and change the feeling of the area. 3 story, totally fine.

Thanks,
Finn Ryan
