RE: Legistar ID: 56395; Acella 'LNDUSE-2019-00079' - Approval of a demolition permit and conditional use to demolish a one-story office building and construct a four-story apartment building with 27 residential units and underground parking at 2830 Dryden Drive.

Dear Mr. Burow;

At its August 12, 2019 meeting, the Plan Commission found the standards met and **approved** your demolition permit and the following conditional uses in the Commercial Corridor- Transitional (CC-T) Zoning District: 1) A multi-family dwelling containing more than eight dwelling units; 2) A building exceeding 25,000 square-feet of floor area for an individual establishment; and 3) A new commercial building in a planned multi-use site containing more than 40,000 square-feet of floor area and where 25,000 square feet of floor area is designed or intended for retail use or for hotel or motel use at 2830 Dryden Drive. The conditions of approval in the following sections shall be satisfied prior to issuance of demolition or building permits for the project.

Please contact Brenda Stanley of the Engineering Division at (608) 261-9127 if you have any questions regarding the following fifteen (15) items:

1. The proposed development shares a drainage system with the lot immediately to the West/North. As a result these lots are inter-dependent upon one another for stormwater runoff conveyance, and/or a private drainage system exists for the entire site an agreement shall be provided for the rights and responsibilities of all lot owners. Said agreement shall be reviewed and placed on file by the City Engineer, referenced on the site plan and recorded at the Dane Co Register of Deeds. (POLICY)
2. The proposed sanitary sewer lateral connects to a privately owned sanitary sewer main. Applicant shall revise plan to connect to the City sanitary sewer in Dryden Drive or alternatively, provide evidence of permission to connect to the private sewer or evidence of ownership of the private sewer main.
3. The Applicant shall submit, prior to plan sign-off but after all revisions have been completed, a digital CAD file (single file) to the Engineering Division with any private storm and sanitary sewer utilities. The digital CAD file shall be to scale and represent final construction. The CAD file shall be in a designated coordinate system

(preferably Dane County WISCRS, US Ft). The single CAD file submittal can be either AutoCAD (dwg) Version 2013 or older, MicroStation (dgn) V8i Select Series 3 or older, or Universal (dxf) format and shall contain the only the following data, each on a separate layer name/level number: a) Building Footprints b) Internal Walkway Areas c) Internal Site Parking Areas d) Other Miscellaneous Impervious Areas (i.e. gravel, crushed stone, bituminous/asphalt, concrete, etc.) e) Right-of-Way lines (public and private) f) Lot lines or parcel lines if unplatted g) Lot numbers or the words unplatted h) Lot/Plat dimensions i) Street names j) Private on-site sanitary sewer utilities (including all connections to public sanitary) k) Private on-site storm sewer utilities (including all connections to public storm) All other levels (contours, elevations, etc) are not to be included with this file submittal. NOTE: Email CAD file transmissions are preferred to: bstanley@cityofmadison.com (East) or ttroester@cityofmadison.com (West). Include the site address in the subject line of this transmittal. Any changes or additions to the location of the building, sidewalks, parking/pavement, private on-site sanitary sewer utilities, or private on-site storm sewer utilities during construction will require a new CAD file.

4. The applicant shall submit, prior to plan sign-off but after all revisions have been completed, digital PDF files to the Engineering Division. Email PDF file transmissions are preferred to: bstanley@cityofmadison.com (East) or ttroester@cityofmadison.com (West). The digital copies shall be to scale, and shall have a scale bar on the plan set. (POLICY and MGO 37.09(2)) PDF submittals shall contain the following information: a) Building Footprints b) Internal Walkway Areas c) Internal Site Parking Areas d) Other Miscellaneous Impervious Areas (i.e. gravel, crushed stone, bituminous/asphalt, concrete, etc.) e) Right-of-Way lines (public and private) f) Lot lines or parcel lines if unplatted g) Lot numbers or the words unplatted h) Lot/Plat dimensions i) Street names j) Stormwater Management Facilities k) Detail drawings associated with Stormwater Management Facilities (including if applicable planting plans).
5. The Applicant shall submit prior to plan sign-off, electronic copies of any Stormwater Management Files including: a) SLAMM DAT files b) RECARGA files c) TR-55/HYDROCAD/Etc d) Sediment loading calculations. If calculations are done by hand or are not available electronically the hand copies or printed output shall be scanned to a PDF file and provided. (POLICY and MGO 37.09(2))
6. Submit a draft Stormwater Management Maintenance Agreement (SWMA) for review and approval that covers inspection and maintenance requirements for any BMP used to meet stormwater management requirements on this project. Include copies of all stormwater, utility, and detail plan sheets that contain stormwater practices on 8.5x14 size paper in the draft document. These drawings do not need to be to scale as they are for informational purposes only. Once City Engineering staff have reviewed the draft document and approved it with any required revisions submit a signed and notarized original copy to City Engineering. Include a check for \$30.00 made out to Dane County Register of Deeds for the recording fee. City Engineering will forward the document and fee for recording at the time of issuance of the stormwater management permit. Draft document can be emailed to Tim Troester (west) at ttroester@cityofmadison.com, or Daniel Olivares at DAOLivares@cityofmadison.com final document and fee should be submitted to City.
7. The applicant shall demonstrate compliance with Section 37.07 and 37.08 of the Madison General Ordinances regarding permissible soil loss rates. The erosion control plan shall include Universal Soil Loss Equation (USLE) computations for the construction period. Measures shall be implemented in order to maintain a soil loss rate below 5.0 tons per acre per year.
8. For Commercial sites < 1 acre in disturbance the City of Madison is an approved agent of the Department of Commerce and WDNR. As this project is on a site with disturbance area less than one (1) acres, and contains

a commercial building, the City of Madison is authorized to review infiltration, stormwater management, and erosion control on behalf of the Department of Commerce. No separate submittal to Commerce or the WDNR is required. (NOTIFICATION)

9. Prior to approval, this project shall comply with Chapter 37 of the Madison General Ordinances regarding stormwater management. Specifically, this development is required to Reduce TSS by 80% off of the proposed development when compared with the existing site.
10. Complete an erosion control plan and complete weekly self-inspection of the erosion control practices and post these inspections to the City of Madison website - as required by Chapter 37 of the Madison General Ordinances.
11. Prior to approval, the owner or owner's representative shall obtain a permit to plug each existing sanitary sewer lateral that serves a building which is proposed for demolition. For each lateral to be plugged the owner shall complete a sewer lateral plugging application and pay the applicable permit fees. The permit application is available on line at <http://www.cityofmadison.com/engineering/permits.cfm>. (MGO CH 35.02(14))
12. All outstanding Madison Metropolitan Sewerage District (MMSD) charges are due and payable prior to Engineering sign-off, unless otherwise collected with a Developer's / Subdivision Contract. Contact Mark Moder (608-261-9250) to obtain the final MMSD billing a minimum of two (2) working days prior to requesting City Engineering signoff. (MGO16.23(9)(d)(4))
13. The site plan shall be revised to show all existing public sanitary sewer facilities in the project area as well as the size, invert elevation, and alignment of the proposed service. (POLICY)
14. The Applicant's project requires the minor restoration of the street and sidewalk. The Applicant shall obtain a Street Excavation Permit for the street restoration work, which is available from the City Engineering Division. The applicant shall pay all fees associated with the permit including inspection fees. (MGO 16.23(9)(d)(6)) This permit application is available on line at <http://www.cityofmadison.com/engineering/permits.cfm>.
15. Provide additional detail how the enclosed depression(s) created by the parking entrance(s) to the below building parking area(s) is/are served for drainage purposes. The building must be protected from receiving runoff up through the 24-hr, 100-yr design storm. If the enclosed depression(s) is/are to be served by a gravity system provide calculations stamped by a Wisconsin P.E. that show inlet and pipe capacities meet this requirement. If the enclosed depression(s) is/are to be served by a pump system provide pump sizing calculations stamped by a Wisconsin P.E. or licensed Plumber that show this requirement has been met.

Please contact Jeff Quamme of the Engineering Division Mapping Section at (608) 266-4097 if you have any questions regarding the following four (4) items:

16. Right of access over the adjacent Outlot is provided by an Access Easement Per Document No 3272630, but it does not provide the right for the proposed surface parking stalls partially within the Outlot or over Lot 1 of Certified Survey Map No. 3129. A recorded copy of the easement agreement necessary for the 8 offsite parking stalls shall be provided prior to final site plan sign off.
17. This site has shared private sanitary sewer, water main and storm sewer crossing the site and also connects to and is served by these private utilities. Applicant shall provide the easement / agreement that addresses

restrictions and conditions and permits the shared utilities crossing and serving this site.

18. The address of 2830 Dryden Dr shall be retired with the demolition of the office building. The address of the proposed apartment building is 2838 Dryden Dr. The site plan shall reflect a proper street address of the property as reflected by official City of Madison Assessor's and Engineering Division records.
19. Submit a Floor Plan in PDF format to Lori Zenchenko (lzenchenko@cityofmadison.com) that includes a floor plan for each floor on a separate sheet for the development of a complete interior addressing plan. The Addressing Plan for the entire project shall be finalized and approved by Engineering (with consultation and consent from the Fire Marshal if needed) prior to the application submittal for the final Site Plan Approval with Zoning. The approved Addressing Plan shall be included in the final application. For any changes pertaining to the location, deletion or addition of a unit, or to the location of a unit entrance, (before, during, or after construction), a revised Address Plan shall be resubmitted to Lori Zenchenko to review addresses that may need to be changed and/or reapproved. The final revised Addressing Plan shall be submitted by the applicant to Zoning to be attached to the final filed approved site plans.

Please contact Sean Malloy of Traffic Engineering at (608) 266-5987 if you have any questions regarding the following eight (8) items:

20. The applicant shall adhere to all vision triangle requirements as set in MGO 27.05 (No visual obstructions between the heights of 30 inches and 10 feet at a distance of 25 feet behind the property line at streets and 10 feet at driveways.). Alteration necessary to achieve compliance may include but are not limited to; substitution to transparent materials, removing sections of the structure and modifying or removing landscaping elements. If applicant believes public safety can be maintained they shall apply for a reduction of MGO 27.05(2)(bb) - Vision Clearance Triangles at Intersections Corners. Approval or denial of the reduction shall be the determination of the City Traffic Engineer.
21. The applicant shall submit one contiguous plan showing proposed conditions and one contiguous plan showing existing conditions for approval. The plan drawings shall be scaled to 1" = 20' and include the following, when applicable: existing and proposed property lines; parcel addresses; all easements; vision triangles; pavement markings; signing; building placement; items in the terrace such as signs, street light poles, hydrants; surface types such as asphalt, concrete, grass, sidewalk; driveway approaches, including those adjacent to and across street from the project lot location; parking stall dimensions, including two (2) feet of vehicle overhang; drive aisle dimensions; semitrailer movement and vehicle routes; dimensions of radii; and percent of slope.
22. The Developer shall post a security deposit prior to the start of development. In the event that modifications need to be made to any City owned and/or maintained traffic signals, street lighting, signing, pavement marking and conduit/handholes, the Developer shall reimburse the City for all associated costs including engineering, labor and materials for both temporary and permanent installations.
23. The City Traffic Engineer may require public signing and marking related to the development; the Developer shall be financially responsible for such signing and marking.
24. All parking facility design shall conform to MGO standards, as set in section 10.08(6).
25. All bicycle parking adjacent pedestrian walkways shall have a 2 foot buffer zone to accommodate irregularly parked bicycles and/or bicycle trailers.

26. All pedestrian walkways adjacent parking stalls shall be 7 feet wide to accommodate vehicle overhang, signage and impediments to walkway movements. Any request for variance shall be submitted to and reviewed by City Traffic Engineering.
27. Per Section MGO 12.138 (14), this project is not eligible for residential parking permits. It is recommended that this prohibition be noted in the leases for the residential units.

Please contact Jacob Moskowitz, the Assistant Zoning Administrator at (608) 266-4560 if you have any questions regarding the following five (5) items:

28. As proposed, the new rooftop mechanical equipment will not be visible to view. Upon installation, if the new rooftop mechanical equipment is visible, screening will be required per Section 28.142(9)(d).
29. Submit a detail of the bike rack used.
30. Section 28.185(7)(a)5. requires that if a demolition or removal permit is approved, it shall not be issued until the reuse and recycling plan is approved by the Recycling Coordinator, Bryan Johnson (608-266-4682).
31. Section 28.185(9)(a) A demolition or removal permit is valid for one (1) year from the date of the Plan Commission approval.
32. Section 28.185(10) Every person who is required to submit a reuse and recycling plan pursuant to Section 28.185(7)(a)5. shall submit documents showing compliance with the plan within sixty (60) days of completion of demolition.

Please contact Bill Sullivan of the Fire Department at (608) 261-9658 if you have any questions regarding the following item:

33. The Madison Fire Department does not object to this proposal provided the project complies with all applicable fire codes and ordinances.

Please contact Kathleen Kane of the Parks Division at (608) 261-9671 if you have any questions regarding the following item:

34. Park Impact Fees (comprised of the Park Infrastructure Impact Fee, per MGO Sec. 20.08(2)), and Park-Land Impact Fees, per MGO Sec. 16.23(8)(f) and 20.08(2) will be required for all new residential development associated with this project. This development is within the North Park -Infrastructure Impact Fee district. Please reference ID# 19036 when contacting Parks about this project.

Please contact Brad Hofmann of City Forestry at (608) 266-4816 if you have any questions regarding the following item:

35. Additional street trees are needed for this project. All street tree planting locations and trees species within the right of way shall be determined by City Forestry. Please submit a site plan (in PDF format) to Brad Hofmann – bhofmann@cityofmadison.com or (608) 266-4816. Tree planting specifications can be found in section 209 of City of Madison Standard Specifications for Public Works Construction -

Please contact Adam Wiederhoeft of the Water Utility at (608) 266-9121 if you have any questions regarding the following three (3) items:

36. The proposed water service configuration intends to reuse an existing lateral connected off of a privately owned water main, which appears to conflict with current Public Service Commission water service requirements. Per PSC 185.52 (2), water service laterals shall be directly connected to the public water main with the shut-off valve located in the public right-of-way. Applicant shall revise plan to connect to the City water main in Dryden Drive or alternatively, provide evidence of ownership of the private water main, which will also require Utility access rights to the service shut-off valve via easement. Contact Adam Wiederhoeft of Madison Water Utility (awiederhoeft@madisonwater.org or 608-266-9121) to discuss service configuration alternatives that may exist.
37. The Madison Water Utility shall be notified to remove the water meter at least two working days prior to demolition. Contact the Water Utility Meter Department at (608) 266-4765 to schedule the meter removal appointment.
38. Madison Water Utility will be required to sign off as part of the approval review associated with this Land Use Application/Site Plan Review prior to the issuance of building permits for the proposed development.

Please contact my office at (608) 243-0554 if you have any questions regarding the following item:

39. If dogs are allowed on site, a station for the collection of dog waste shall be included in the project to discourage dog waste from collecting on nearby streets.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining permits for your project:

1. After the plans have been revised per the above conditions, please file **nine (9) sets** of complete, fully dimensioned, and to-scale plans, the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, 215 Martin Luther King Jr. Boulevard. **This submittal shall all also include one (1) complete digital plan set in PDF format.** The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.
2. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting conditional use approval.
3. A demolition or removal permit is valid for one (1) year from the date of the Plan Commission. Where the plans have not been altered since issuance of the demolition or removal permit and the permit has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 24 months from the expiration date.
4. A conditional use approval is valid for one (1) year from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6)

months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.

5. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
6. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use or building permits, please contact the Zoning Administrator at (608) 266-4551. If you have any questions or if may be of any further assistance, please do not hesitate to contact my office at (608) 243-0554.

Sincerely,

Sydney Prusak
 Planner

<p>I hereby acknowledge that I understand and will comply with the above conditions of approval for the conditional use permit.</p> <hr style="border: 0; border-top: 1px solid black; margin-bottom: 5px;"/> <p style="text-align: center;"><i>Signature of Applicant</i></p> <hr style="border: 0; border-top: 1px solid black; margin-bottom: 5px;"/> <p style="text-align: center;"><i>Signature of Property Owner (if not the applicant)</i></p>
