Summer 2008 Students

Southwest Area Health Education Center –

Students

Rebecca Paradiso
Leah Roberts

Mentors

Jennifer Weitzel
Jenny Lujan

The SWAHEC has a Community Health Internship Program (CHIP) supporting students to work on projects in WI health agencies for 8 weeks during the summer. A requirement of CHIP is that interns are given shadowing opportunities to learn about what public health staff do. The shadowing experiences are chosen based on the interns interests, availability and what the health agency will provide them.

Viterbo University

Students

3 nurses

Mentor

Pam McGranahan

The three RN's are completing course work to obtain their Bachelor Degree in Nursing (BSN).

Student Programs

Nursing Students

Typically, PHMDC has about 16 student nurse interns each semester of the school year. To work with these students, PHMDC incurs the following salary costs each semester for its nursing staff.

	Hours	Salary and Benefits
Preparation/Coordination	17	\$674
Orientation	4	\$159
Classroom Time	45	\$1,784
Evaluation/Review	45	\$1,784
Weekly prep time	16	\$634
Mentoring projects	18	\$714
Field mentors	56	\$2,220
Total		\$7,970

Summer Interns

*PHMDC is currently working with eight summer interns. PHMDC incurs the following costs for **one** student.*

Preparation/Coordination	2	\$79
Orientation	4	\$159
Supervision	56	\$2,220
Total		\$2,458
