Dear Mr. Fruhling,

Enclosed with this package is an electronic copy of the animation that was shown at the Landmark's Commission meeting on August 24, 2009. This animation was shown to demonstrate the position of the proposed tower and the progression of views proceeding up Wisconsin Avenue. It does not accurately depict the mass, scale or architecture of the proposed building at this point and should not be used as a reference point for these purposes.

Please call me should you have any questions.

Thank you.
