

Metro Transit Proposed Service Changes

PROPOSED SERVICE CHANGES

Routes 6, 10, 11, 12, 25, and 59

2015

Summary of Proposed Route and Schedule Changes for August 2015

Staff recommendations in response to public hearing comments shown in red

ROUTE 6

- ~~Route 25 trips incorporated into route 6 schedule to fill in “gaps” (route 25 proposed to be eliminated as route 26 will begin providing similar service in May 2015)~~

Route 25: The a.m. trip starting on the Capitol Square and p.m. trip ending on the Capitol Square would both be retained. However, the loop at the east end of the route would be shortened to allow buses to start their next scheduled trips on time.

The trips starting and ending at East Towne Mall would be provided by route 26.

- **Route 6:** Change in routing near East Towne (~~Dwight Dr & Independence Ln~~) to gain schedule time and permit safer turning movements. **Service maintained on Dwight Dr. Route will operate on East Washington Ave between the Frontage Rd and Zeier Rd.**

ROUTE 10

Proposal remains the same as presented at hearing

- West end of route expanded to serve UW Health-Digestive Clinic. East end of route modified to allow for this expansion.
- Low ridership service along Division St and Rutledge St eliminated.
- Schedule adjusted to more evenly balance passenger loading among routes 2 & 28 along the Johnson/Gorham corridor; will reduce the number of overload “extra” buses.
- “Gray bar trips” added to the schedule, which will only operate when UW classes are in session.

ROUTES 11 AND 12

Proposal to completely revise service on west end of routes is withdrawn. Routes will continue to operate as they do currently. Issue may be revisited in 2016.

- ~~Significantly revised routing on west side to facilitate commutes between Toepfer Ave neighborhood and the UW & VA Hospitals~~
- ~~To reduce redundancy, route will no longer serve West Transfer Point (parallel service on other routes available)~~
- ~~Service on new streets — Blackhawk Ave north of Bluff St, Berwyn Dr, and Wedgewood Way (a.m. only).~~

ROUTE 12

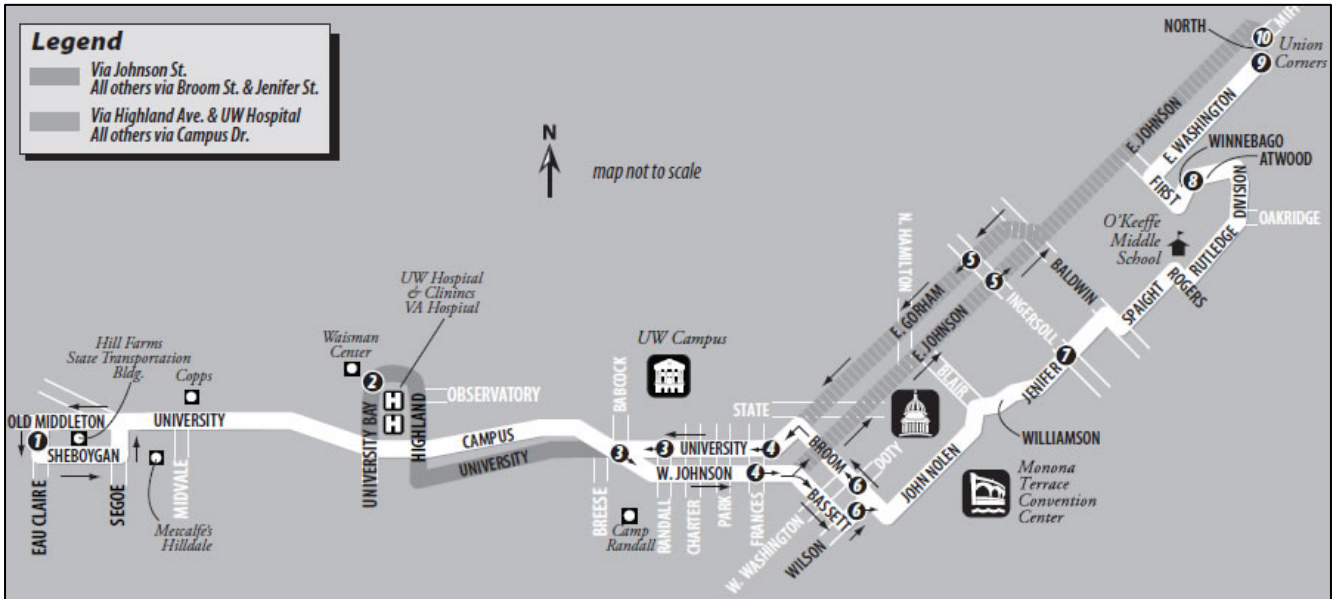

Proposal remains the same as presented at hearing

- Elimination of unproductive section of route on Waunona Way to gain time in the schedule

ROUTE 10

- West end of route expanded to serve UW Health-Digestive Clinic & other medical centers west of Whitney Way.
- Service along Division, Rutledge and Spaight streets eliminated. (Neighborhood still served by Route 3.)
- Trips added that only operate when UW classes are in session.
- Updated to directionally serve Sheboygan Avenue, which is now operated as a loop, inbound from Eau Claire Ave.
- Increased eastbound trips to serve the UW Hospital and "old" University Ave.
- Increased evening trips that serve UW Hospital and Johnson St.
- Headway shifted from 8 to 10 minutes.
- Other schedule adjustments to more evenly balance passenger loading with other routes.

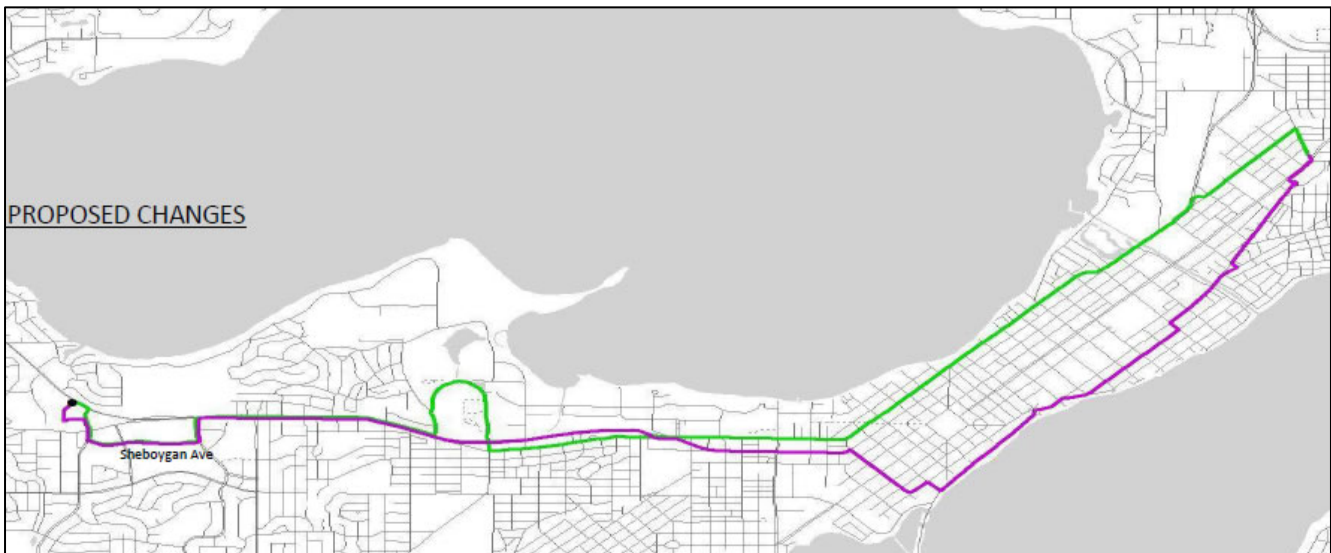

CURRENT ROUTE 10 MAP

PROPOSED ROUTE 10 MAP

Notes:

- Service removed from Spaight, Rutledge, and Division streets.
- West end of route extended to serve medical centers west of Whitney Way.
