Hello!

I'm writing to ask you to not pave more parking spots for Olbrich or Garver. Our county is being destroyed by auto-centric development, and it's time to start moving towards a rail-based transportation system.

Fortunately, existing tracks pass next to both Garver and Olbrich. Let's use them and stop investing in the automobile future and the alienation and anxiety it produces.

Here's an article about the feasibility of using the track:

Here's a rationale and one plan of how to incrementally move forward.
