

BPW Meeting July 25, 2012:

Review of Projects by Engineering Environmental Staff for Impacts to Water Resources

13. Sauk Creek Sanitary Access Road, Phase 2

This project impacts wetlands and will disturb over an acre of land; a Water Quality Certification is required (DNR/wetlands), as well as a Notice of Intent permit (DNR/land disturbance), Army Corps permit (wetlands), and a City Erosion Control/Stormwater Management permit. The ACOE permit has been received. **(Sally Swenson, City Engineering)**

17. Tenney Park Bridge

This project will require a DNR Chapter 30 Permit; permit application has been submitted. **(Tom Maglio, City Parks)**

18. Warner Lagoon Outlet Culvert Repair

This project requires a Trans 207 permit from the DNR; permit has been received. **(Max Conway, City Engineering)**
