#### 2012 PROGRAM CHANGE EXPLANATION

Complete only if you are requesting more than your 2011 request.

Note: Additional funding should only be requested where services or programming will change or expand in the second year.

- 3. PROGRAM UPDATE: If requesting more than 2011, describe any major changes being proposed for the program/service in 2012,
- i.e., expansions or narrowing in target population, scope and level of services, geographic area to be served, etc.).

200 characters (with spaces) The program could be altered if tax credits are not forthcoming. In that case we will use HOME funds for another HUD 811 project or develop scattered site rental hsng.

#### 4. 2012 COST EXPLANATION

Complete only if significant financial changes are anticipated between 2011-2012.

Explain specifically, by revenue source, any significant financial changes that you anticipate between 2011 and 2012.

For example: unusual cost increases, program expansion or loss of revenue.

PROGRAM B - 2 MAY 25, 2010

CITY OF MADISON

ORGANIZATION:

PROGRAM/LETTER:

PRIORITY STATEMENT:

Movin' Out, Inc.

B Program B

CDBG: D. Housing - Rental housing (CDBG)

#### **DESCRIPTION OF SERVICES**

6. NEED FOR PROGRAM: Please identify local community need or gap in service that the proposed program will address.

Local market studies demonstrate a need for more affordable rental units. This is particularly important to households with fixed incomes. Many people with disabilities have very little or no employment income to supplement their Social Security Disability or SSI benefits. About 42% of the Dane County population relies on rental housing. In 2008 the HUD fair market rent for a two bedroom apartment in Dane County was \$775/month. For people with SSI as their sole income source, the cost of rent and utilities exceed their total income. Movin' Out has experienced an increase in the number of tenants seeking rental assistance or looking for alternative living arrangements that they can afford. This project is designed so that funding applied toward the construction, acquisition and/or rehab of homes is repaid and reinvested in affordable housing, in perpetuity. Movin' Out will continue to manage and rent property to low income people with disabilities.

7. SERVICE DESCRIPTION - Describe the service(s) provided including your expectations of the impact of your activities.

This proposal addresses the need in Madison to expand affordable rental opportunities to low income households which in turn will increase the stock of permanent affordable housing. This project is designed so that funding applied tow and the construction, acquisition and/or rehab of homes is repaid and reinvested in affordable housing. We plan to use these funds to construct, acquire and/or rehab at least eleven rental units over a two year period. Ideally we will combine the HOME funds with LIHTC (tax credit) equity, such as one we're in the process of doing now in Stoughton. Obviously this would leverage a significant amount of money and additional units. Housing development takes time but we have been successful with all of our proposed projects to date. If we are not able to secure tax credits, we will apply the funding tow and a HUD 811 project similar to the one recently completed in the City of Madison at the Stonebridge Condominiums. We are looking to develop housing where we can take advantage of economies of scale while still allowing for people with disabilities to live in independent, community integrated settings. It is also important to leverage available federal and state dollars in order to create safe, quality housing while at the same time reducing debt to a level that makes rents affordable to even the low est income tenants in Madison.

8. PROPOSED PROGRAM CONTRACT GOALS: Include clearly defined service goals and process objectives: number of unduplicated clients to be served, number of service hours to be provided etc.

600 characters (with spaces) Process goals include determining tenants in need of rental housing, getting site control of land and/or property, securing additional sources of funding including a first mortgage, contracting for construction and/or accessibility modifications, purchase of the property and working with new tenants to assure support services are in place, rental subsidies are applied for and received, if appropriate, leases are signed, tenants move in, property management is in place and an asset management plan is developed. The number of tenants will range from 11 to 16.

9. SERVICE HOURS: Frequency, duration of service and hours and days of service availability.

400 characters (with spaces) As this is a development project, hours of service are not applicable until the project is completed. Property management service provided through Movin' Out is available 24 hours a day/ 7 days a week.

PROGRAM B - 3 MAY 25, 2010

CITY OF MADISON

PROGRAM/LETTER:	В	Program B

10. POPULATION SERVED: Please describe in terms of age, income level, LEP, literacy, cognitive or physical disabilities or challenges).

Movin' Out serves adults and children with disablities. All of the tenants in the rental program are of very low income and at least one household member has a significant disability. Included are physical, cognitive, medical, or mental health, permanent disabilities. English is the primary first language of applicant households. However, translators and interpretors are available when needed.

11. LOCATION: Location of service and intended service area (Include census tract where service is tract specific).

Location to be determined through coordination efforts (local officials, city staff, neighbor groups, other developers, human services) to identify project appropriate locations

12. OUTREACH PLAN: Describe your outreach and marketing strategies to engage your intended service population.

Movin' Out w orks w ith local service providers and the Dane County Human Services Department to identify potential tenants. In the most recent HUD 811 project, the 15 tenants were at risk of displacement. Generally, Movin' Out learns of tenants prior to finalizing a development plan or has done a market study and discussed housing options for people w ith disabilities in the relevant community. Movin' Out has been working in Madison since 1997 and promoting programs since that time including the rental program which began in 2006. Affirmative marketing includes outreach through presentations and information provided to families, support agencies, housing organizations, support brokers and others. We also encourage diversity among tenants by specifically targeting the following organizations: the Urban League, Centro Hispano, Hmong American Friendship Association, Fair Housing Council and Access to Independence.

13. COORDINATION: Describe how you coordinate your service delivery with other community groups or agencies.

1000 characters (with spaces) Housing development requires collaboration with many individuals, groups, organizations, governmental bodies and businesses. Additionally, as mentioned above Movin' Out coordinates with the human services system to identify at risk households needing affordable rental housing. Once tenants have moved in, the property manager maintains contact with the tenants, their families and/or representatives, their resedential services provider and contracts with vendors to perform the work necessary to protect the home and the tenant's safety. Additionaly, Movin' Out will work to establish and utilize strategic alliances with other non-profit and for-profit developers to maximize the impact and sustainability of its development activities.

14. VOLUNTEERS: How are volunteers utilized in this program?

400 characters (with spaces) During the development process Movin' Out has received reduced rate or pro bono services from designers, realtors, law yers and the first mortgage holder of most of Movin' Out's rental properties. For property maintenace and improvement volunteers have come from Madison Firefighters, Wisconsin environmental groups, families, landscape designers and others

16. BARRIERS TO SERVICE: Are there populations that are experiencing barriers to the service you are proposing,i.e, cultural differences, language barriers and/or physical or mental impairments or disabilities? Describe the ability of proposed program to respond to the needs of diverse populations.

1600 characters (with spaces) The need exists. The will, the talent and the creativity to develop affordable, safe and handicapped accessible rental housing exists. The greatest barrier to providing affordable housing is its scarcity. The greatest barrier to creating new affordable housing is finding the funds to subsidize the costs. Movin' Out has been fortunate in finding dedicated and talented partners willing to do the work necessary to develop new affordable rental stock in the City of Madison, one unit at a time. Movin' Out currently has 28 rental units in the City of Madison with 41 tenants. The number of units more than doubled between 2007 and 2009 once we were able to fully implement the program.

17. EXPERIENCE: Please describe how your agency, and program staff experience, qualifications, and past performance will contribute to the success of the proposed program?

Movin' Out currently has 28 renal units in the City of Madison and another six outside of Madison. There are 41 tenants residing in the Madison units. These units are scattered througout the city about evenly divided on the West and East sides of tow n. The number of rental units more than doubled from 2007 to 2009 when the program was fully implemented. Property management is coordinated by Movin' Out and is disability sensitive thus assuring that needs and/or behaviors do not create a barrier for the tenant to successful renting. Full implementation required hiring a property developer in 2008 and a property coordinator in 2009. With the executive director they comprise the lead project staff. Among them they have more than 70 years of experience w orking in the fields of housing and disabilities.

18. LICENSING OR ACCREDITATION: Report program licensing, accreditation or certification standards currently applied.

Movin' Out is a HUD certified housing counseling agency, holds CHDO status in Madison, in Dane and six other counties, has a licensed real estate broker on staff & promotes fair housing practices

19. STAFF: Program Staff: Staff Titles, FTE dedicated to this program, and required qualifications for program staff.

4.	<b>AGENCY</b>	MISSION	STATEMENT

600 characters (with spaces) Movin' Out, in partnership with people with disabilities and their allies, creates and sustains community-integrated, safe, affordable housing solutions.

#### 5. AGENCY EXPERIENCE AND QUALIFICATIONS

6000 characters (with spaces) The purpose of Movin' Out is to find housing solutions that are both affordable and sustainable for low income households. Movin' Out has provided housing counseling services to more than 5,000 households statewide and has helped more than 1200 households to become first time homebuyers or rehab their existing home. Staff provide individualized, comprehensive housing counseling in order to assure that the best housing plan is put in place to address stability, safety, affordability, accessibility and community integration. Movin' Out has had a rental program including ow nership and management of rental units since 2006. How ever it is the staff qualifications, expertise and their years of experience that have assured Movin's Out success. Movin' Out has developed and broadened its array of services from offering housing counseling and down payment assistance in 1997 to include a rehab program, a rental development program, property management services, and a pooled housing trust. Since 1997 Movin' Out has made more than \$7 million dollars of down payment and housing rehab assitance available to households in Wisconsin in the form of forgivable and low cost loans. Movin' Out has participated in housing developments in Madison and Sun Prairie and in 2009 secured 1.5 million dollars in HUD 811 funding to create 11 units of rental housing on Madison's East side. Movin' Out is also engaged in a new tax credit housing development in Stoughton, WI and has rental properties outside of Madison, in Dane, Washington, Milw aukee and Shaw ano Counties. In 2004 Movin' Out was instrumental in creating the country's first pooled housing trust which enables a household to turn it's property over to Movin' Out when the parents of an adult child with a disability can no longer provide the necessary care of the home but want that child to retain residency until his or her death. After the child's death, the trust retains the property in perpetuity to provide an affordable rental option to other people with disabilities. Movin' Out is highly regarded with competent staff and a long list of achievements. (See program experince and qualifications for additional information.)

## 9. PERSONNEL DATA: List Percent of Staff Turnover

0.0%

Divide the number of resignations or terminations in calendar year 2009 by total number of budgeted positions. Do not include seasonal positions. Explain if you had a 20% or more turnover rate in a certain staff position/category. Discuss any other noteworthy staff retention issues, or policies to reduce staff turnover.

600 characters	(with spaces)	There has been no sta	ff turnover at Movin	Out since 2005.

AGENCY OVERVIEW - 8 MAY 25, 2010

# 10. PERSONNEL DATA: Personnel Schedule

List each individual staff position by title. Seasonal Employees should be entered at the bottom.

Indicate if the position meets the Living Wage Exception with an asterisk (\*).

Indicate the number of 2011 Proposed Full-Time Equivalents (FTEs) in each staff position, across all agency programs.

Indicate the total salaries for all FTEs in that staff position. Do NOT include payroll taxes or benefits in this table.
