To: Property Owners adjacent to 4609 Gregg Rd (Robin Greenway) and 338 Orchard Drive

RE: Permit for Tree Removal Public Hearing

The City of Madison Stormwater Utility (SWU) has applied for a permit to remove select trees within the city-owned property located at 4609 Gregg Rd (Robin Greenway) and 338 Orchard Drive, per City ordinances (MGO 10.101). These tree removals are requested as part of the Robin Greenway and Orchard Drive Culvert stormwater utility project. More information on this project is located here:

<https://www.cityofmadison.com/RobinGreenwayOrchardDriveCulvert>

Background

In 2022, a storm downed trees that caused service outages and damaged nearby residential buildings within Robin Greenway. This event, along with removal of the downed trees, and restoration of utility services caused damage to existing vegetation, leading to increase erosion and slope instability.

This initiated the 2023 Budget Finance Committee Amendment 4, a request by Alder Tishler to upgrade and repair stormwater infrastructure within this greenway. This budget amendment includes funds to replace the upstream culvert through Robin Greenway, construct a maintenance access path, and develop a plan for land restoration.

The SWU hired a certified arborist in fall of 2022 to tag and complete an inventory of all of the trees within the greenway identifying the species, DBH, and health of each tree.

In spring 2023, SWU staff began a public engagement process to identify community priorities for the 2023-budgeted project. This included public information meetings on February 9 and March 14, as well as a neighborhood site walkthrough on April 11. The SWU worked with City Forestry on reviewing existing conditions, tree removals, and review of draft plans presented at the March 14 public information meeting.

The public engagement process presented detailed information from the certified arborist inventory and obtained feedback regarding tree removal and land restoration preferences. Public feedback significantly informed the design and tree removals requested with this permit. Public feedback included removals related to tree health, invasive status, and conflicts with power lines. A summary of the feedback from the February and March public information meetings is posted online at the below location:

<https://www.cityofmadison.com/engineering/documents/projects/PIM%20Engagement%20Results.pdf>

Tree removals are planned to begin in Summer/Fall of 2023, with the exception of one WDNR NR 40 invasive status tree that is in very poor condition over an existing power line. This tree will be removed as soon as possible.

Additional trees and vegetation will be replanted as part of a larger landscape restoration plan that will be implemented with this project. This larger landscape restoration plan includes planting of native trees, shrubs, native seeding, and leveraging volunteer efforts with city resources for management of invasive species.

The Stormwater Utility's plan for removing the trees will be considered by the Habitat Stewardship Subcommittee on Tuesday, May 9, 2023 at 4:40 PM., via virtual meeting.

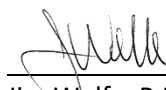

If you wish to speak at the virtual meeting, you must register. You can register at <https://www.cityofmadison.com/city-hall/committees/meeting-schedule/register>.

Registration will open once the meeting is published on the Calendar, typically around noon on the Friday preceding the meeting, which in this instance is Friday, May 5, 2023. Interested participants need to search for the date, click on the Habitat Stewardship Subcommittee meeting, then click "Register for Public Comment."

If you require an interpreter, materials in alternate formats, or other accommodations to access this public hearing, please contact City of Madison Parks Department at phone (608) 266-4816 or email us at habitatstewardshippsubcommittee@cityofmadison.com. Please make contact at least 72 hours prior to the date of this public hearing so that we can make proper accommodations.

If you have questions on the project, please contact Sarah Lerner by phone at (608) 261-8592 or email at slerner@cityofmadison.com. Additional information on the project can be found at the below website: <https://www.cityofmadison.com/RobinGreenwayOrchardDriveCulvert>

Sincerely,

A handwritten signature in black ink, appearing to read "J. Wolfe", is written over a horizontal line.

Jim Wolfe, P.E.
