Hello Mark,

I have informed the applicant that I am requesting referral. I told him this on May 10. It is important that the applicant and the neighbors have an opportunity for a conversation before this is acted on by the ALRC. The applicant could have avoided delay had he contacted Joe Lusson, TLNA president in a timely fashion. When the applicant called me on May 9, he had not yet contacted the TLNA. Had he done so a few days before ... or even better as soon as he knew he would be making application, he could have been on the May 9 TLNA agenda and avoided the need for a referral.

Thank you.
Ledell

Hi Ledell,

I will include this on the consent agenda for ALRC with a referral to June. However, this does not prevent the ALRC from taking the item up, especially if the applicant wishes to speak. I would make sure the applicant is aware of your request, and I will certainly relay this information if it comes up. Typically, the alder requests are heavily weighed for referral if there is no time sensitivity for the applicant.

Hope this helps.

Mark

FYI. Do I need to be at the ALRC meeting to assure that the Baldwin Street Grill license consideration is referred? I'm not sure I can get there.

Thanks.
Ledell
