

**LEGISTAR 53938 – Version 1**

DRAFTER'S ANALYSIS: In 2015, largely at the City's urging, the State altered the governance structure of the Madison Metropolitan Sewerage District, shifting the appointment of District Commissioners from the Dane County Board to the municipalities who make up the District. The City, making up the largest portion of the District's customer base, has, by statute, five appointments to the nine-member Commission. Under Sec. 200.09(1)(b), the Mayor is authorized to make these appointments. This ordinance, in addition to making a clerical edit to the definition of District in Sec. 35.01, would require that the Mayor's appointments to the Commission under this statute be confirmed by the Common Council and that one of the appointments be an elected official.

The Common Council of the City of Madison do hereby ordain as follows:

1. Section 35.01 entitled "Definitions" of the Madison General Ordinances is amended to read as follows:

"District shall mean the Madison Metropolitan Sewerage District (MMSD), a metropolitan sewerage district governed by a commission with such powers as set forth in subch. I of ch. 200, Wis. Stats., as amended from time to time."

2. Section 35.03 entitled "Appointments to the Madison Metropolitan Sewerage District" of the Madison General Ordinances is created to read as follows:

**"35.03 APPOINTMENTS TO THE MADISON METROPOLITAN SEWERAGE DISTRICT.**

Under Wis. Stat. § 200.09(1)(b) the Mayor appoints five, of the nine, Commissioners of the Madison Metropolitan Sewerage District Commission. The Commissioners serve staggered, three-year fixed-terms. Consistent with the committee appointment procedures set forth in Sec. 33.01, the Mayor's appointees to the Commission shall be confirmed by the Common Council. In addition, one of the City's appointees to the Commission shall be an elected official, who shall serve on an ex-officio basis."
