Rob,

For Agenda Item #8, please see Jeff's email below. Madison College installed their sprinkler system above the City sewer in their baseball field. If we have to do any repair work to the sewer, Madison College agrees to repair their facilities at their cost.

Let me know if you have any questions.

Thank you,
Mark

Item #8

Madison College has installed a sprinkler system for their baseball field. The consultant was on top of this and contacted Greg, Mark and I to see what was needed. Additionally Cathy C. provided comment.

The proposed conditions require MATC to be on diggers hotline to mark their facilities and if we need to enter for maintenance, any baseball field facility needed to be removed from our easement area is MATC's responsibility to replace at their cost.
