1	WATER UTILITY BOARD	11/25/2008					

Action Text: Tom said this is item is to raise awareness of the properties we own and their status. 523 E Main Street was planned for sale now or in the near future, but with the market the way it is right now, we decided to defer appraisal until there are more favorable market conditions. The most valuable property is a 17-acre site on the far west side that was purchased for an elevated storage tank, but we won't need all 17 acres. The sale of both properties would be a positive for us. Michael suggested sending the property information to the alders as just today, someone just today contacted him about needing land.
