1. Project Address: 5622 Milwaukee Street **Project Area in Acres:** 5.23
Project Title (if any): Homburg Construction Yard

2. This is an application for: (check at least one)

Zoning Map Amendment (check only ONE box below for rezoning and fill in the blanks accordingly)

Rezoning from A to M1-Restricted Rezoning from _____ to PUD/PCD-SIP
 Rezoning from _____ to PUD/PCD-GDP Rezoning from PUD/PCD-GDP to PUD/PCD-SIP

Conditional Use **Demolition Permit** **Other Requests** (Specify): _____

3. Applicant, Agent & Property Owner Information:

Applicant's Name: Homburg Equipment, Inc. Company: _____
 Street Address: 4621 Tonyawatha Trail City/State: Monona, WI Zip: 53716
 Telephone: (608) 241-1178 Fax: (608) 244-9113 Email: _____
 Project Contact Person: Chris Homburg Company: Homburg Equipment, Inc.
 Street Address: 6106 Milwaukee Street City/State: Madison, WI Zip: 53718
 Telephone: (608) 244-3554 Fax: (608) 244-9113 Email: CHomburg@HomburgInc.com
 Property Owner (if not applicant): _____
 Street Address: _____ City/State: _____ Zip: _____

4. Project Information:

Provide a general description of the project and all proposed uses of the site: Updating zoning to bring existing uses into compliance: MGO 28.10(4)(c): 1-Accessory uses; 2-Agriculture; 10-Contractor offices, shops and yards; 38-Storage yards; 41-Weighing stations; and Conditional Use (d)3-Asphalt and concrete batching or ready-mix plants. (See deed restriction)

Development Schedule: Commencement _____ Completion _____

5. Required Submittals:

Site Plans submitted as follows below and depicts all lot lines; existing, altered, demolished or proposed buildings; parking areas and driveways; sidewalks; location of any new signs; existing and proposed utility locations; building elevations and floor plans; landscaping, and a development schedule describing pertinent project details:

- **Seven (7) copies** of a full-sized plan set drawn to a scale of one inch equals 20 feet (collated and folded)
- **Seven (7) copies** of the plan set reduced to fit onto 11 inch by 17 inch paper (collated, stapled and folded)
- **One (1) copy** of the plan set reduced to fit onto 8 1/2 inch by 11 inch paper

Letter of Intent: Twelve (12) copies describing this application in detail but not limited to, including: existing conditions and uses of the property; development schedule for the project; names of persons involved (contractor, architect, landscaper, business manager, etc.); types of businesses; number of employees; hours of operation; square footage or acreage of the site; number of dwelling units; sale or rental price range for dwelling units; gross square footage of building(s); number of parking stalls, etc.

Legal Description of Property: Lot(s) of record or metes and bounds description prepared by a land surveyor.

Filing Fee: \$ Exempt See the fee schedule on the application cover page. Make checks payable to: *City Treasurer.*

IN ADDITION, THE FOLLOWING ITEMS MAY ALSO BE REQUIRED WITH YOUR APPLICATION; SEE BELOW:

For any applications proposing demolition of existing (principal) buildings, photos of the structure(s) to be demolished shall be submitted with your application. Be advised that a *Reuse and Recycling Plan* approved by the City's Recycling Coordinator is required to be approved by the City prior to issuance of wrecking permits.

A project proposing **ten (10) or more dwelling units** may be required to comply with the City's Inclusionary Zoning requirements outlined in Section 28.04 (25) of the Zoning Ordinance. A separate **INCLUSIONARY DWELLING UNIT PLAN** application detailing the project's conformance with these ordinance requirements shall be submitted concurrently with this application form. Note that some IDUP materials will coincide with the above submittal materials.

A *Zoning Text* must accompany **all** Planned Community or Planned Unit Development (PCD/PUD) submittals.

FOR ALL APPLICATIONS: All applicants are required to submit copies of all items submitted in hard copy with their application (including this application form, the letter of intent, complete plan sets and elevations, etc.) as **INDIVIDUAL** Adobe Acrobat PDF files compiled either on a non-returnable CD to be included with their application materials, or in an e-mail sent to pcapplications@cityofmadison.com. The e-mail shall include the name of the project and applicant. Applicants who are unable to provide the materials electronically should contact the Planning Unit at (608) 266-4635 for assistance.

6. Applicant Declarations:

Conformance with adopted City plans: Applications shall be in accordance with all adopted City of Madison plans:

→ The site is located within the limits of Sprecher Neighborhood Development Plan, which recommends:

Residential use long-term. This application is to allow the existing interim use to continue for this property.

Pre-application Notification: Section 28.12 of the Zoning Ordinance requires that the applicant notify the district alder and any nearby neighborhood or business associations by mail no later than **30** days prior to filing this request:

→ List below the Alderperson, Neighborhood Association(s), Business Association(s) AND dates you sent the notices:

Waiver from Alder Cnare attached

If the alder has granted a waiver to this requirement, please attach any such correspondence to this form.

Pre-application Meeting with staff: Prior to preparation of this application, the applicant is required to discuss the proposed development and review process with Zoning Counter and Planning Unit staff; note staff persons and date.

Madison, WI 53701-2984

Ladies & Gentlemen:

With this letter we are making a formal request to change the zoning of the following parcel within the City of Madison:

Part of the Southeast $\frac{1}{4}$ of the Northwest $\frac{1}{4}$ Section 2, T7N, R10E, City of Madison, Dane County, Wisconsin, being more fully described as follows: Commencing at the West $\frac{1}{4}$ corner of said Section 2; thence N $87^{\circ}55'36''$ E, along the South line of said Northwest $\frac{1}{4}$, 856.42 feet; thence N $20^{\circ}09'19''$ E, 81.02 feet to the North right-of-way line of Milwaukee Street and the point of beginning; thence N $16^{\circ}44'19''$ E, along the Southeasterly right-of-way of Interstate highway "94", 123.02 feet; thence Northeasterly, along said right-of-way, on a curve to the right having a radius of 1045.92 feet and a long chord bearing N $20^{\circ}51'15''$ E, 150.07 feet; thence continuing Northeasterly, along said right-of-way on a curve to the right having a radius of 1045.92 feet and a long chord bearing N $39^{\circ}47'35''$ E, 535.22 feet; thence continuing Northeasterly, along said right-of-way on a curve to the right having a radius of 1045.92 feet and a long chord bearing N $56^{\circ}55'47''$ E, 84.39 feet; thence S $00^{\circ}06'43''$ W, 707.87 feet to the North right-of-way line of Milwaukee Street; thence N $82^{\circ}54'07''$ W, along said North line, 71.16 feet; thence continuing, along said right-of-way, S $87^{\circ}55'36''$ W, 430.20 feet to the point of beginning. Said Parcel Contains 228,011 Sq. Ft. or 5.23 Acres.

The purpose of this zoning request is to make the existing use of this parcel conforming. This parcel has been zoned temporary Agricultural since 1962 when it was annexed into the City to enable the construction of the Badger Interchange. We are requesting a zoning change to restricted M-1 zoning to allow the existing construction yard, and a conditional use permit to allow the continued use of batch plants for construction materials.

We are also requesting a property line adjustment between parcels to ensure the full extent of the existing use is within the proposed parcel. This adjustment adds approximately 1.1 acres to the existing parcel, basically moving the Eastern edge of the parcel to 10' east of the existing driveway and creating the 5.23 acre parcel that is described above.

This parcel is adjacent to our existing Milwaukee Street quarry and has been an ancillary use to the quarry for many years. We are voluntarily restricting the uses of the proposed M-1 zoning to match the existing type of use, and those uses that would reasonably be anticipated for a quarry/construction operation.

There are currently no permanent structures on the site.

This parcel is owned by Homburg Equipment, Inc., a family business. The owners and principals of the business are myself, my brother Andrew Homburg, and my parents Harold & Shirley Homburg. The current uses adjacent to this parcel are The Interstate highway to the North & West, our Quarry to the South, and our farm to the East.

The current use of the site is a construction yard. At times, there will also be a batch plant in the construction yard. There are very high grade aggregates at the adjacent pit which make this an attractive site for the existing batch plant. Batching the concrete nearby limits unnecessary hauling of the aggregates, thus reducing fuel usage, truck wear, and other unnecessary environmental impacts. The active area of the yard is a crushed stone surface, and the site is gated & locked when not in use. There is a substantial natural green space between the active area of the parcel & Milwaukee Street including an incredible, massive oak tree (see attached photos) that is well protected. The entrance is a boulevard entrance which allows exiting large trucks & semis adequate room to stack while still allowing large vehicles to enter and maneuver on site. The current set up has worked well for many years without any problems that we are aware of. We understand that we will need to move one gate out of the right of way, and pave the driveways up to the gates.

We will record a deed restriction against the property restricting the allowed uses under M-1 zoning for the site to the following (with paraphrased description):

- 1 (accessory uses)
- 2 (agricultural uses)
- 10 (contractor offices, shops, & yards)
- 38 (storage yard)
- 41 (weighing)
- conditional use #3 (asphalt or concrete batching or redi-mix plants).

The hours of operation of this site are quite variable, and mirror those of the adjacent quarry. Many times during a month the gates will not even be unlocked. However, when the pavement for East Washington Avenue is being poured, for example, the batch plant may run from 6:00 in the morning to 7:00 at night. The only time the site is used in non-daylight hours is when major batching is taking place, which is very rare. When this occurs the lighting for the site is provided by the batch plant.

At such time as the existing quarry is depleted, and a Zoning change is requested for the quarry & the remainder of our farm south of the Interstate, we agree to a review of the zoning on this parcel also.

I am enclosing 12 copies of this letter of intent, the required plan sets, and the application fee.

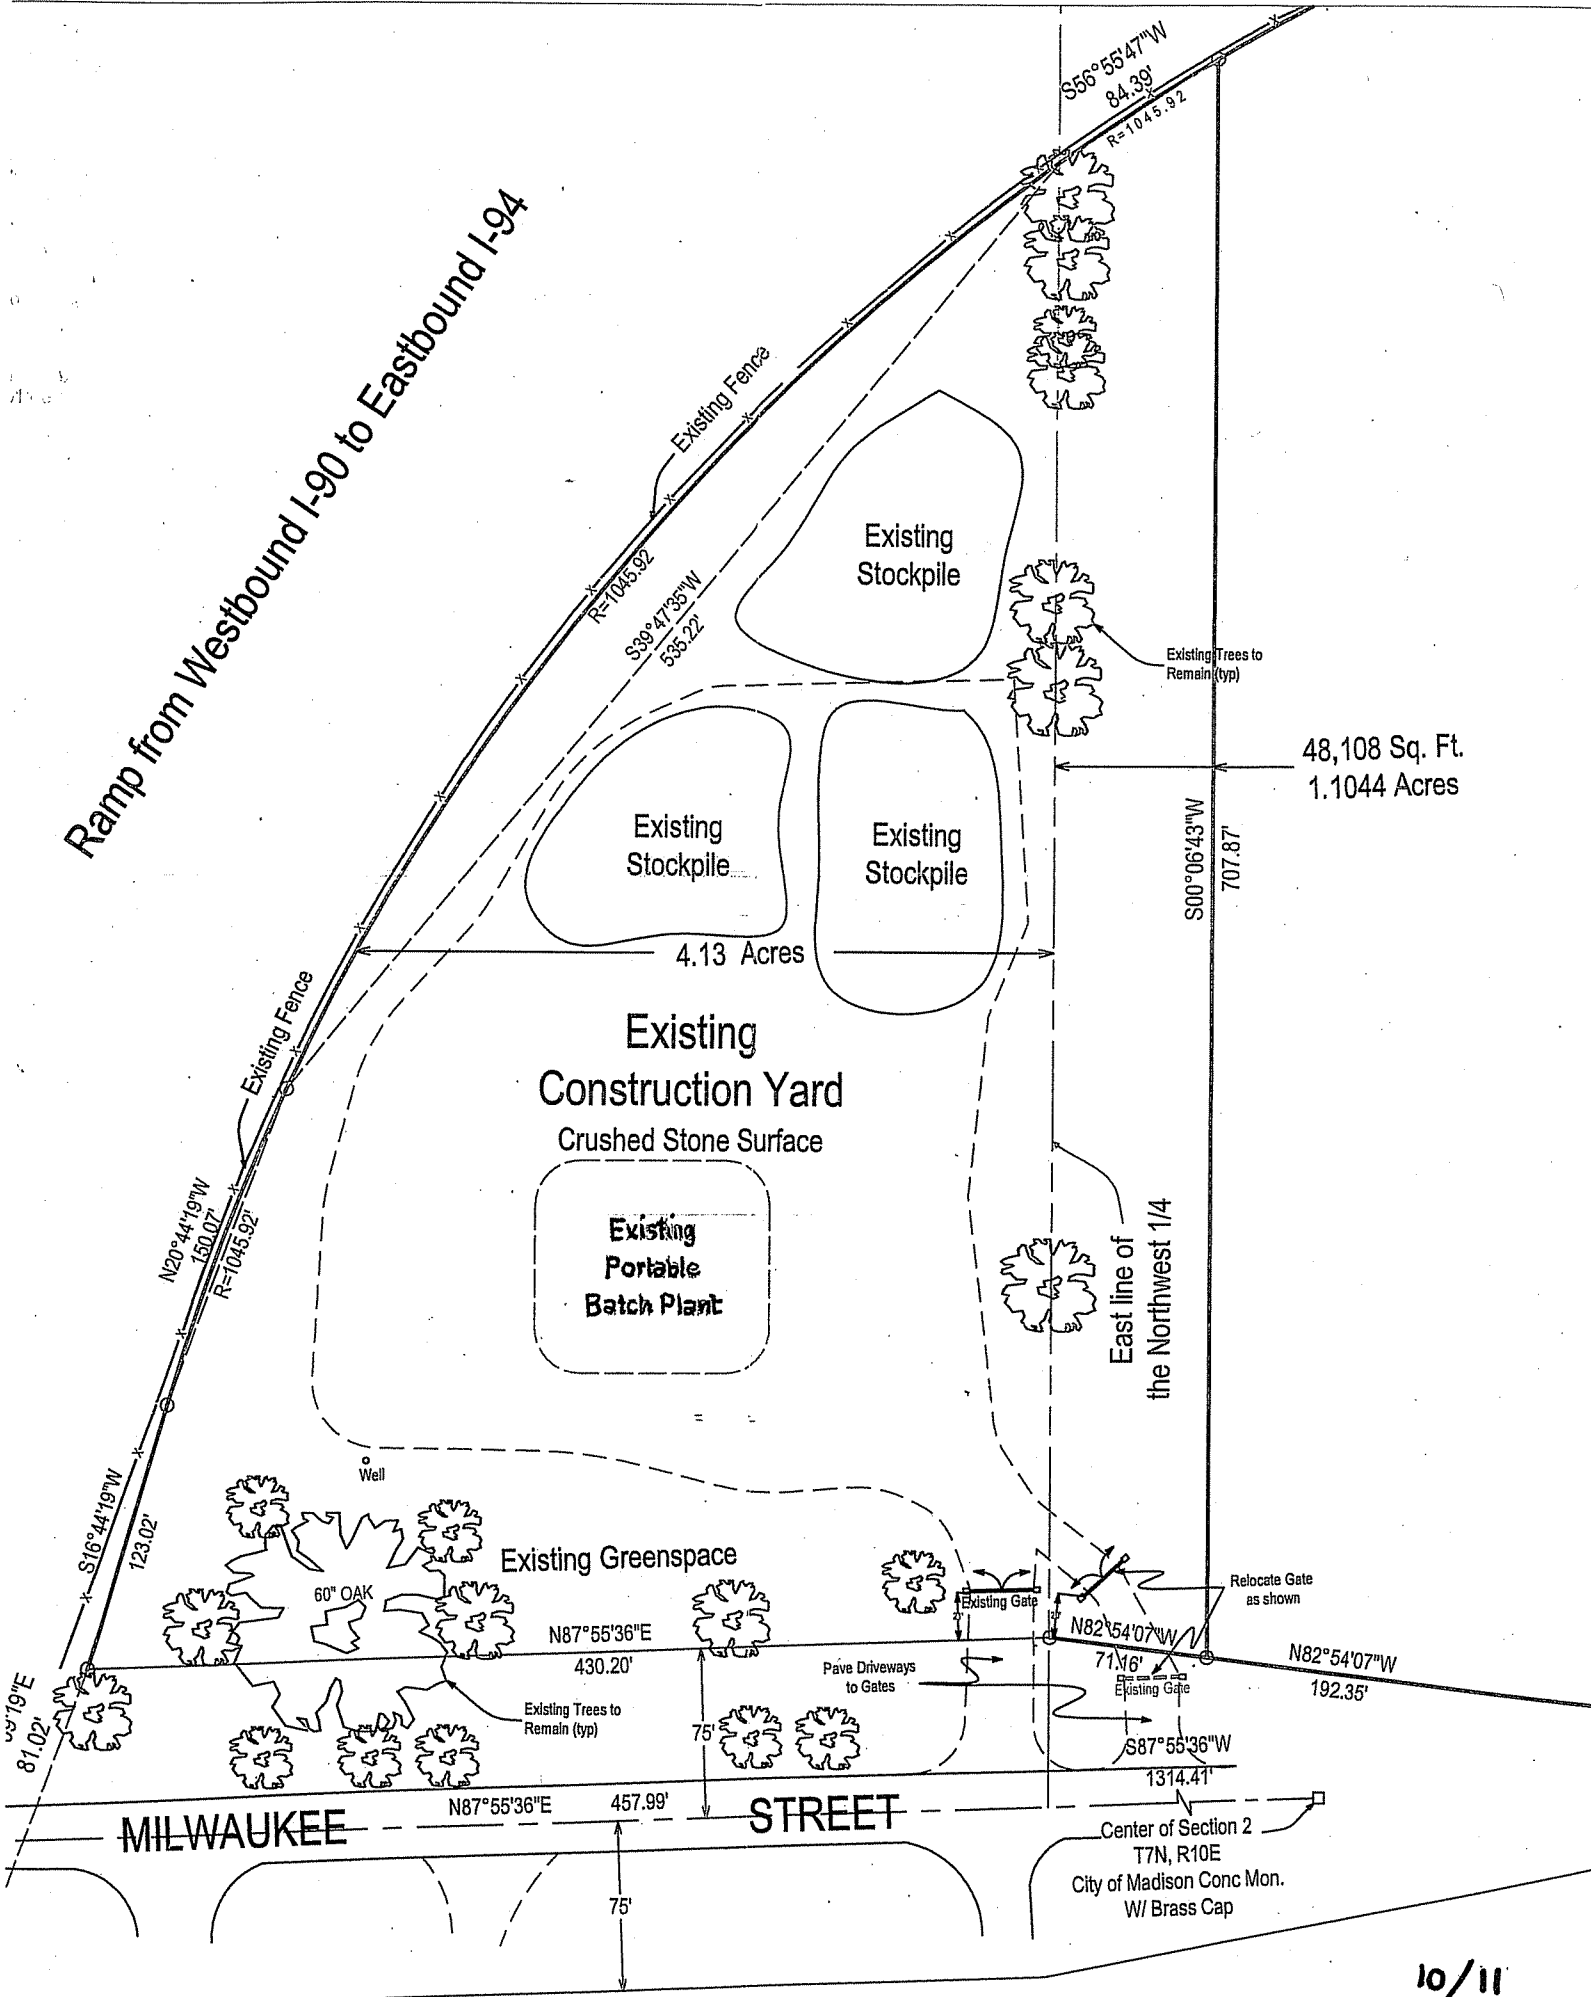

If you have any questions please do not hesitate to contact this office.

Sincerely,

Chris A. Homburg, P.E.
