

Madison Food Policy Council Report for August 3, 2016

Madison Metropolitan School District

1. Summer School Ended on Friday July 29. We are continuing to provide meals at our Community sites through August 12.
2. Fall online enrollment opened on August 2. We have directly certified over 9,000 students for meal benefits for the first day of school.
3. We are excited to have 3 new cafeteria's opening this fall. Hawthorne, Midvale and Lowell will have a new look. Changes will include upgraded Garden Bar units, new ovens and a walk in cooler at 2 of the sites to decrease our energy consumption. These new spaces will allow us to add Garden Bar service at Midvale & Hawthorne.
4. We are conducting interviews for a chef / Manager position this week. This will be a new position for us with a focus on menu, recipes and culinary skills development for staff.
