Discussion

62. [06441](#) Model conditions for Class A licenses.

Mr. Plant proposed that the committee standardize the conditions it places on convenience stores and gas stations. He suggested the following conditions for Class A Beer licenses granted to such establishments: 1) No sale of single bottles or cans of beer or fermented malt beverage. 2) No sale of 40-ounce bottles or containers of beer or fermented malt beverage. 3) Display area for beer and/or fermented malt beverage limited to one fifteen-square-foot section of cooler.

Mr. Plant suggested the following conditions for Class A Liquor Licenses granted to convenience stores and gas stations: 1) No sale of liquor bottles smaller than 750 ml. 2) Display area for wine and wine coolers limited to one shelf of walk-in cooler and one five-square-foot rack of wine.

Mr. Plant noted that many Class A licenses currently in place already have some or all of these conditions.

Mr. Shapiro said the Tavern League would prefer that conditions be uniform for everybody. He said 60 to 90 days would be an adequate amount of time for license holders to get rid of any product on their shelves.

Mr. Sentmanat said one of the legitimate criticisms of the ALRC is that the committee does not do things in a consistent manner. Agreeing to a certain baseline would be good public policy, he said.

Aldersperson Schumacher said that he would like to see no hard liquor sales in gas/convenience stores.

Mr. Hart said the committee should be acting in the least restrictive means to carry out the committee's functions. He said someone needs to tell him how this proposal would reduce crime, and show him a correlation between these sales and domestic violence.

Mr. Shapiro responded that this is about leveling the playing field for Class A license holders.

Mr. Sentmanat said that the committee has committed itself to a comprehensive approach to addressing the ease of alcohol access. He said that a lot of empirical data has been presented to the committee on the general correlation between the ease of alcohol access and crime. This proposal targets cheap and fast highs, and the ease of alcohol access, he said.

Mr. Hart said that the committee needs to look at all cheap highs if they are talking about a comprehensive approach. He said jobs, training, justice, and equal access to health care must be taken care of first.
